As time goes by and we
find our own paths to travel,
we still want to reflect on the
times we shared together.

Our yearbook is a notebook that records these memories and events.

SPORTS:

the training...
the game...

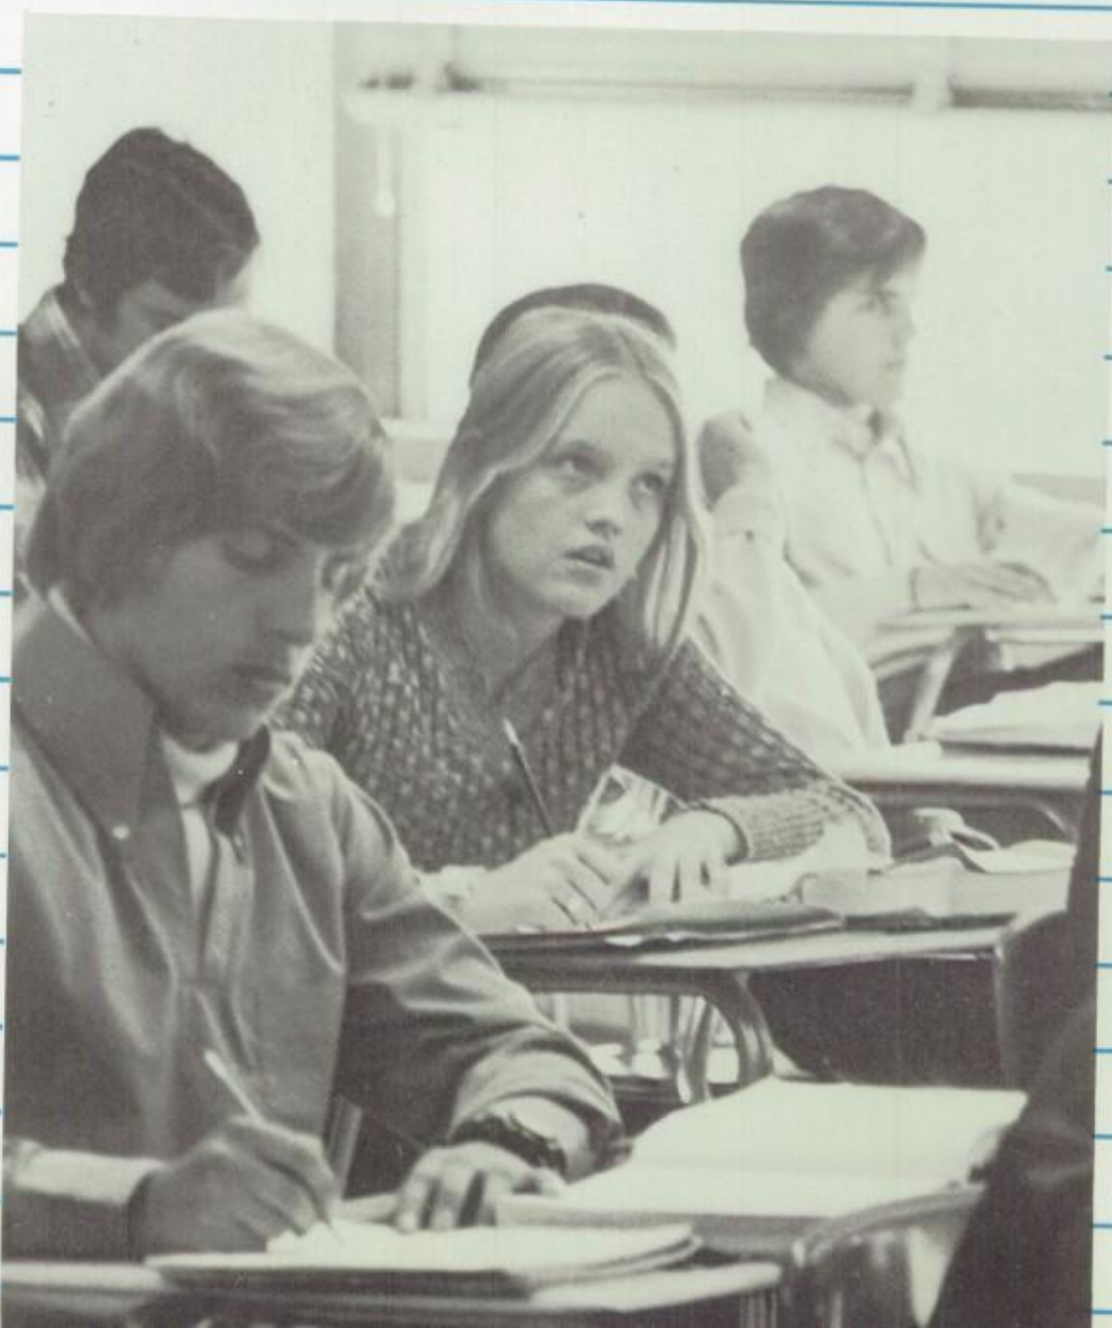

the emotion...
can be relived
in a glance.

CURRICULUM:

the working . . .

the learning

the growing...
are so much a part
of our high school years.

ACTIVITIES:

the organizing...

the fund raising...

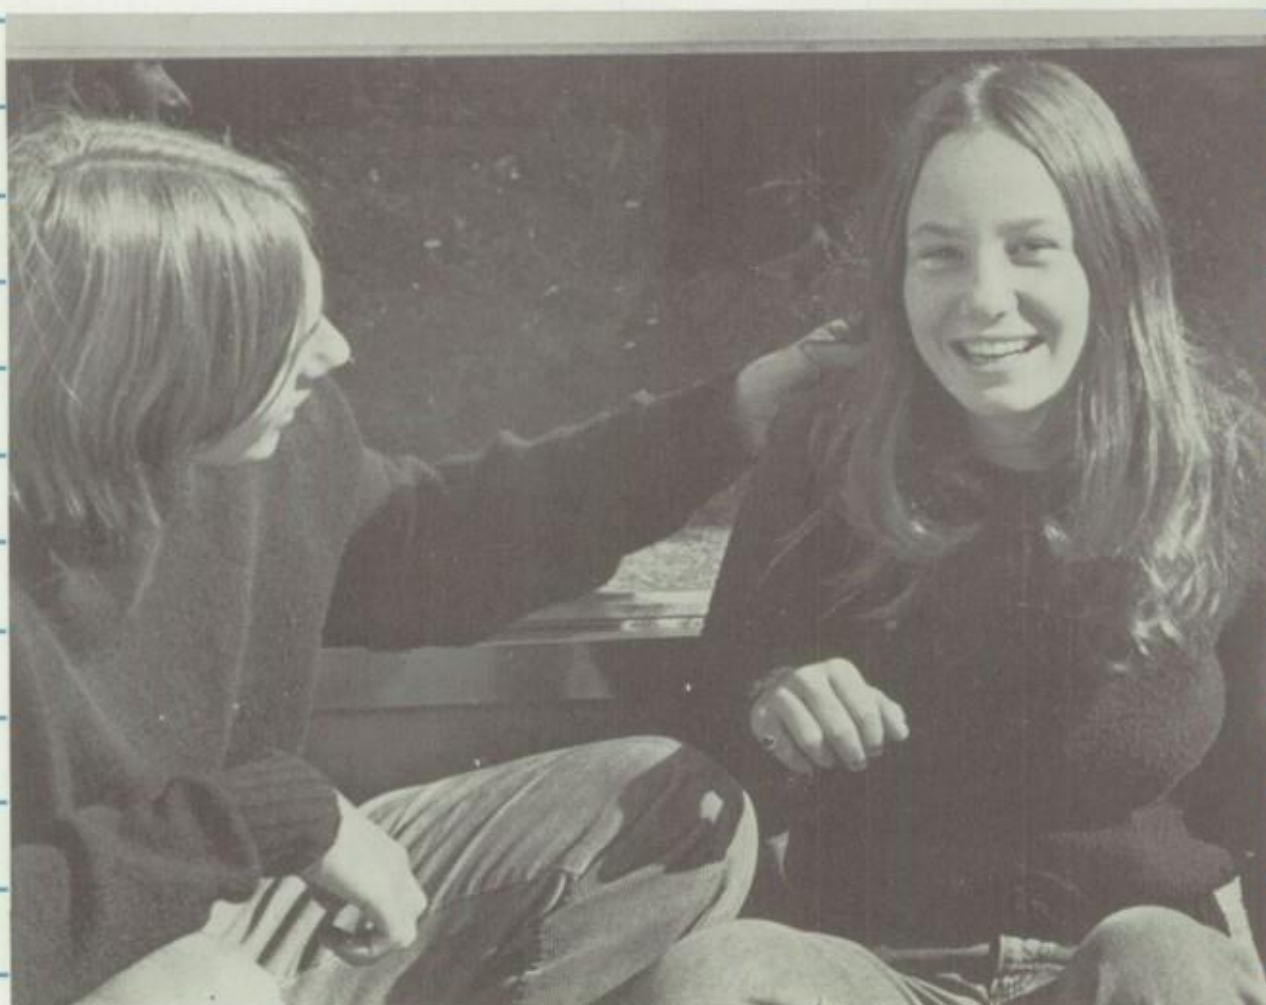

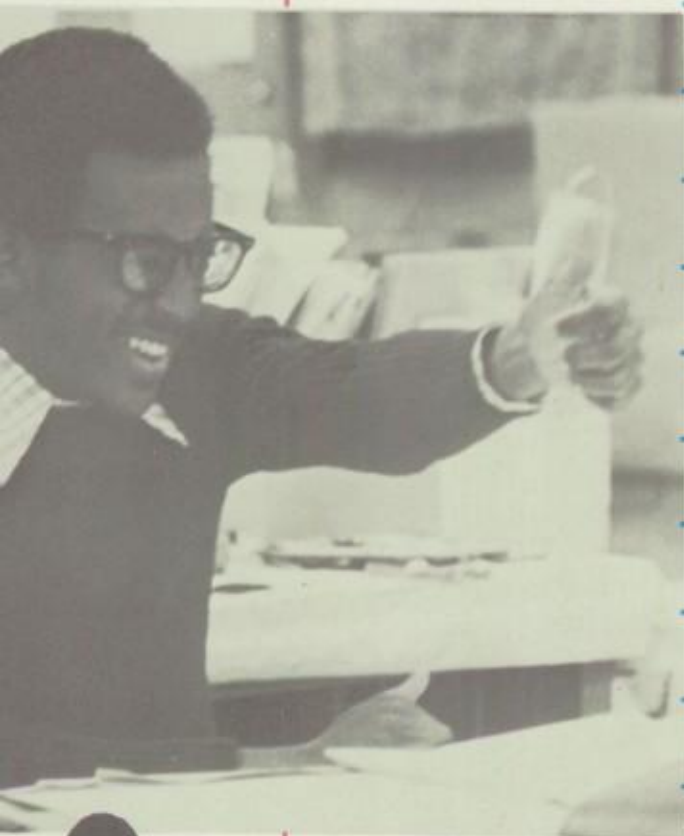

the events...

that make our year
rememberable to us
are recorded here.

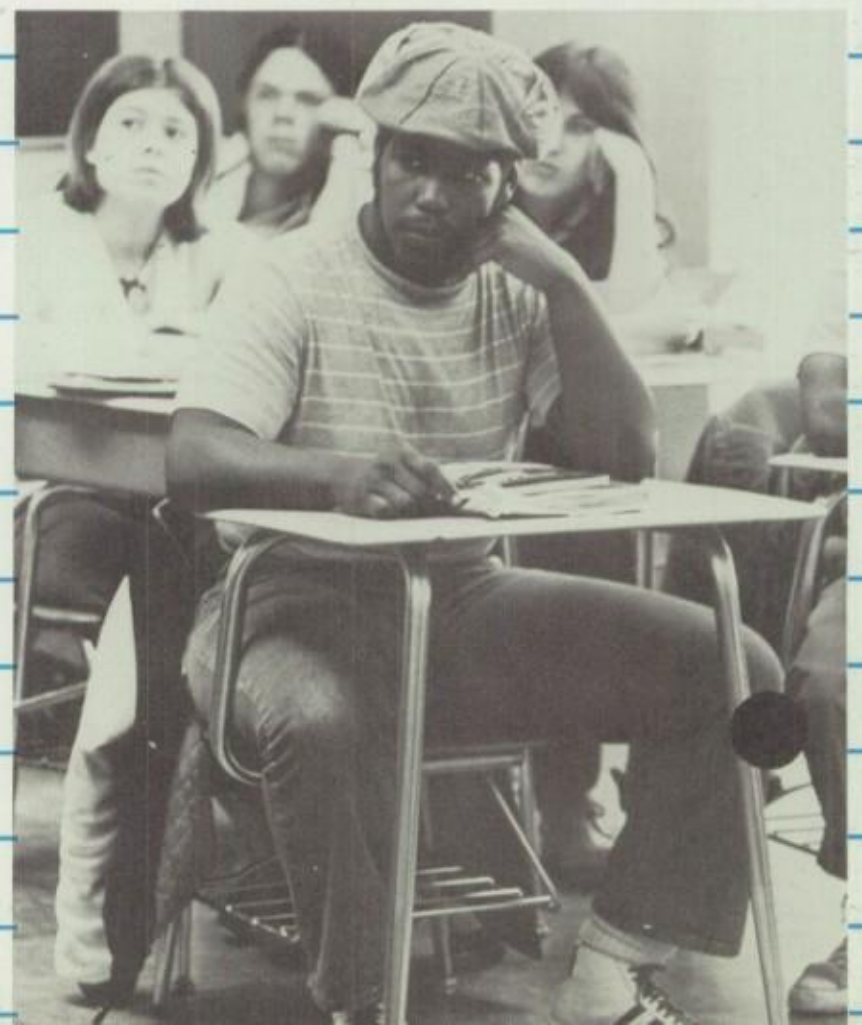

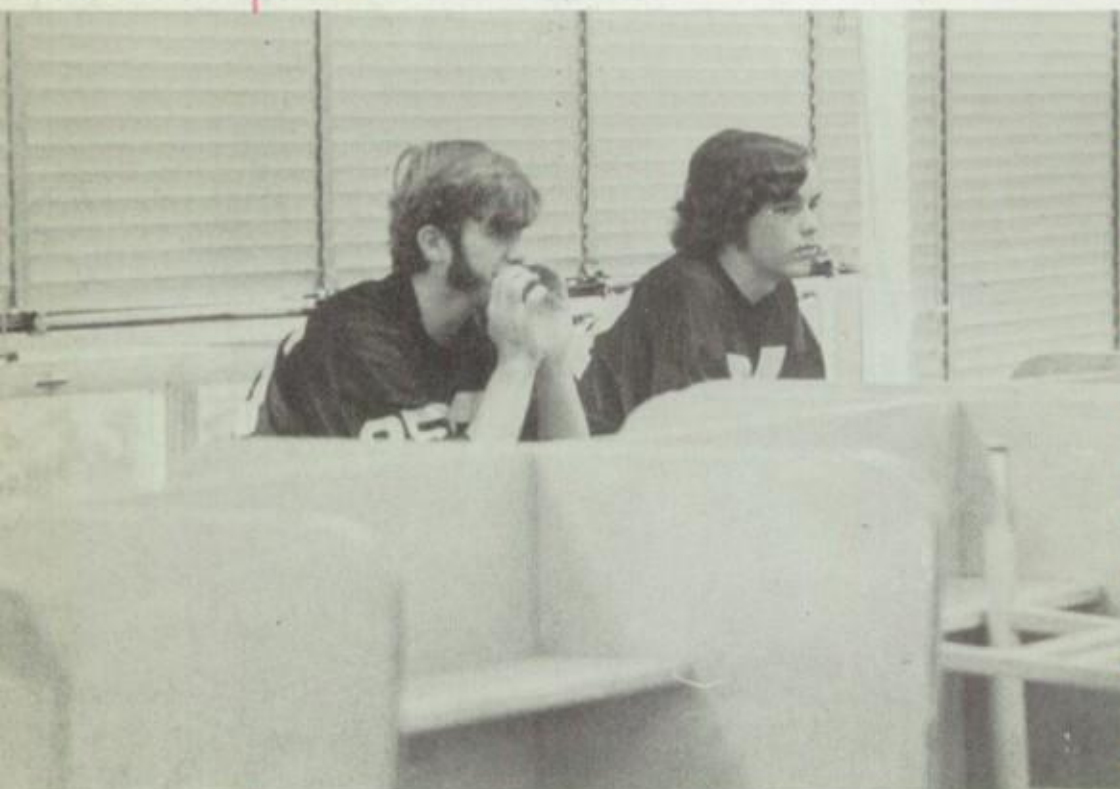

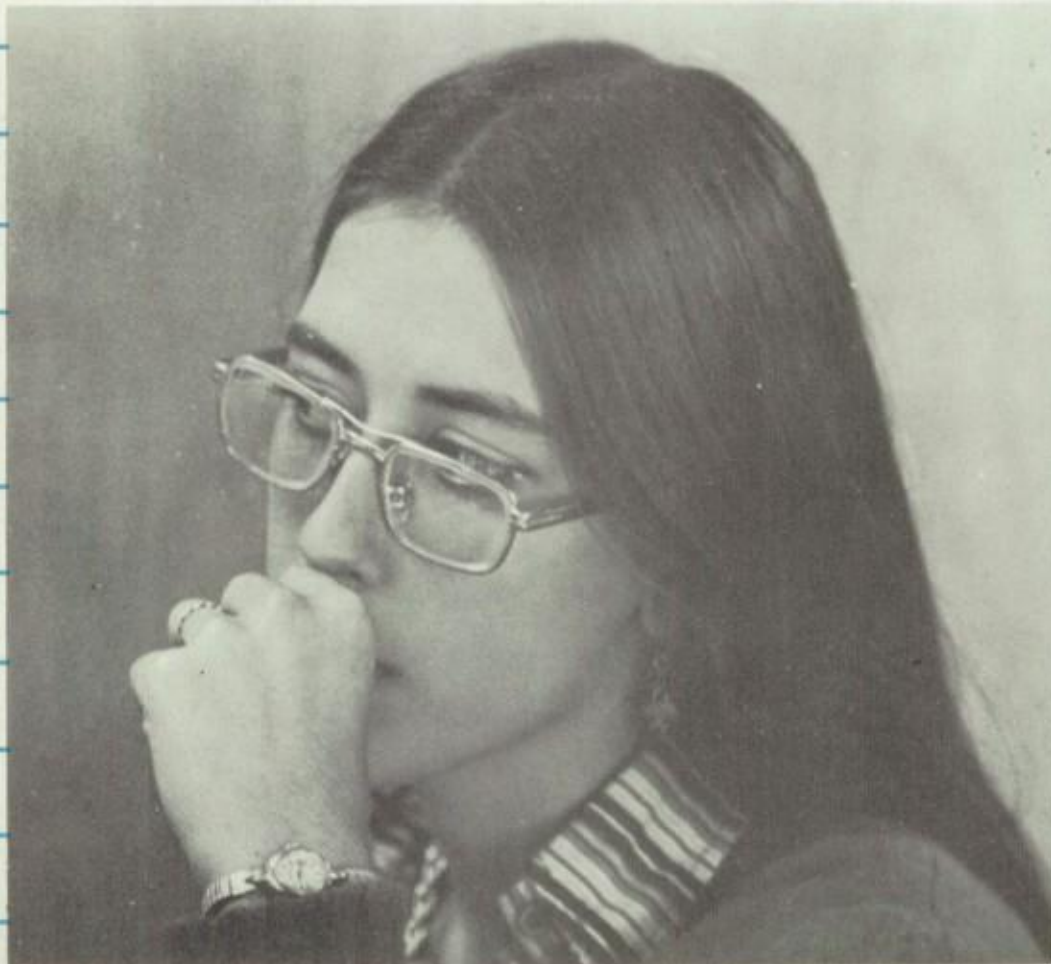

Throughout the school year we have come to know each other and developed some long-lasting friendships...

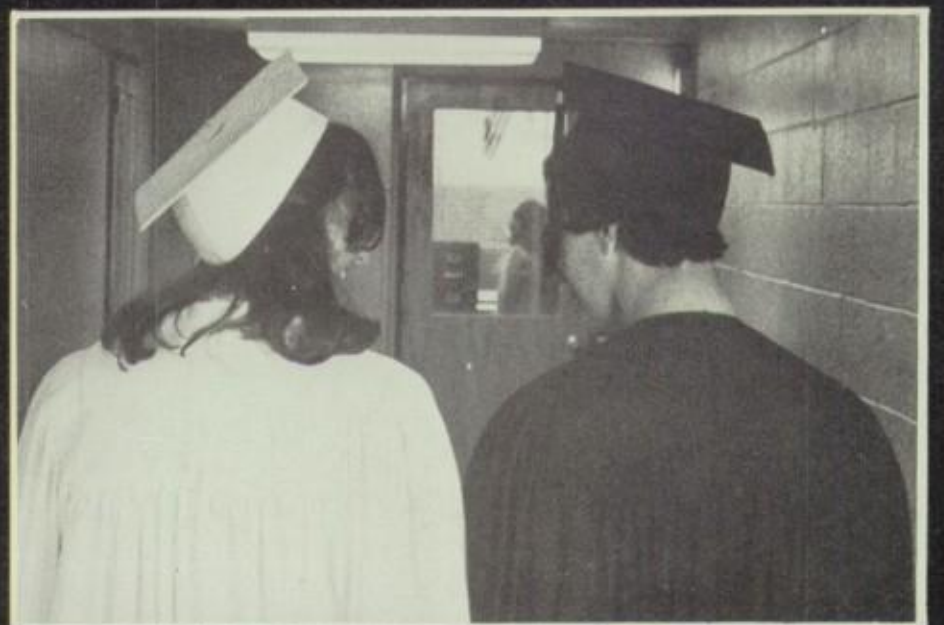

but still have managed to
retain our individuality.

As we look back with
feeling on our past years, we
look ahead with anticipation
of the future.

Curriculum

Administration

"A school has many different faculty members. Those of us in administrative positions should provide service to faculty and students."

"The improvement of instruction is our primary goal; it is toward that end that I hope this administration will always work."

Richard A. Kaye,
Principal

John Longo

Carlton Rose

Joseph McCormick

Edwina Tarabell

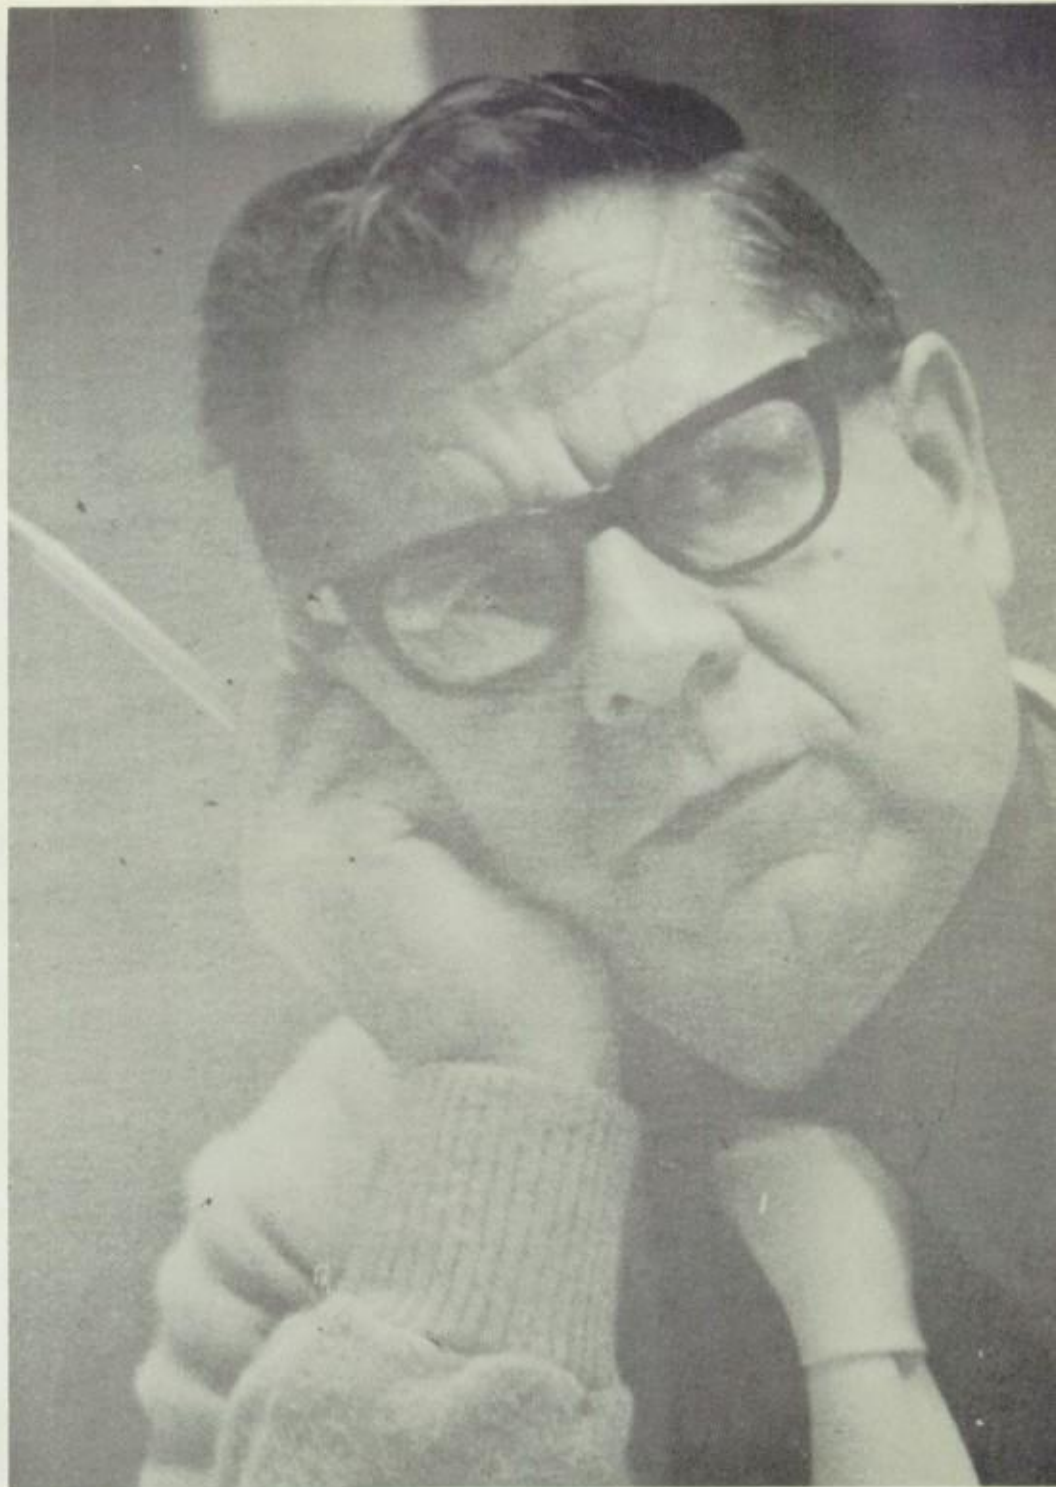

Guidance

The Guidance Department deals not with just one aspect of the student but with the whole person. Their purpose is to assist students in educational, occupational as well as personal concerns. Their aid comes in the form of counseling, interest inventories, and the distribution of helpful reading material.

The job of assessing interests, skills and limitations is not an easy one. They now have the use of a computer to aid in distributing information on college and vocational interests.

Under the leadership of Mr. Bodnarchuk, this department has the responsibility of arranging schedules, programs, and their time, to fill the needs of each individual student in the school.

Steve Bodnarchuk

Robert Kochell

Patricia Reid

Library

The library is a place we all take for granted. We know it's there, but we don't think much about the time and planning that go into making it work for us. Learning materials are all around just waiting to be discovered. Books, magazines, recordings, micro-film and simulation games are just a sampling of the equipment available.

Presently the library is limited in its services because of the lack of space. Future plans for a new library will provide a more effective area, which the library staff looks forward to with enthusiasm.

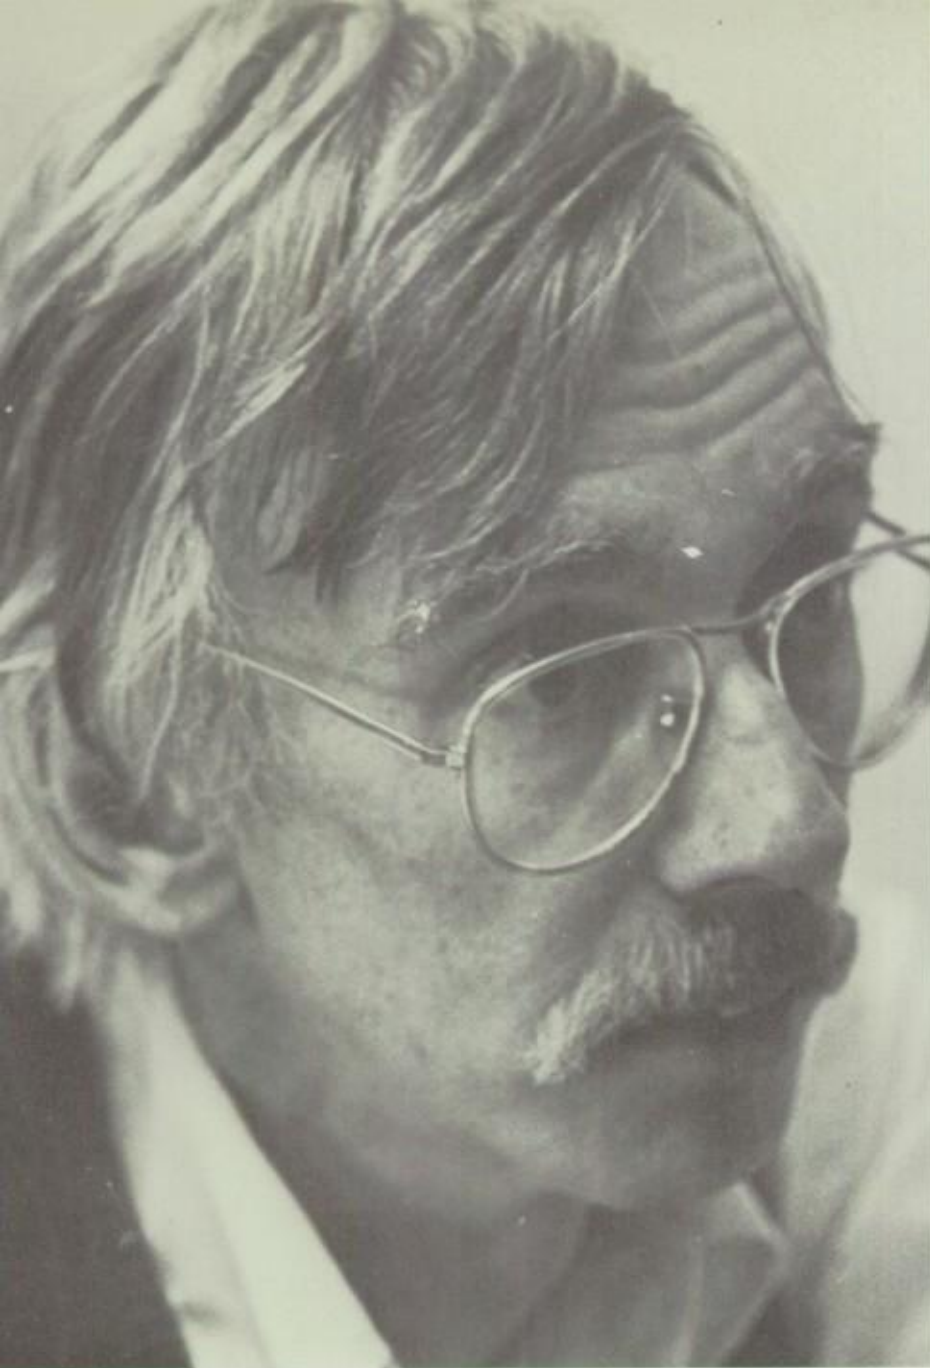

Students have started working in the library under the career resource program. Both Rena Moscatello and Chris Hamway get paid for their time, while Wayne Lins works as part of his CIPED project.

Raymond Sabin

Judith Bebout

Yearbook

The tremendous responsibility of producing a book every year falls on the members of the yearbook staff. A lot of hard work goes into getting pictures, researching information and setting up layouts.

Gail Moritz is Editor-in-Chief, and she is not only responsible for a specific section of the yearbook, but for overseeing progress on the other sections as well.

During the Yearbook Journalism class, everyone has his own job to perform. Some of the staff sells ads, others work on boosters and yearbook sales, while the editors work on meeting their deadlines. There is much work done under the pressure of time limits but all the effort is worth producing a good yearbook that will be kept forever.

English

This year the English Department, under the direction of Mr. Churchill Clark, is one department working towards students doing what they feel most important. The institution of the newly formed "open classrooms" and also the new electives (such as preparation for S.A.T. vocabulary) clearly show how well this is working for the students.

As a result of team teaching, many other new classes are being planned.

Art

Expression, emotion, feeling: all of these can be found in the art rooms. Art is any thing, or thought that is transformed by an artist using materials unbounded. There is a certain creative environment in the art rooms, where maintaining individuality is important. There's a feeling of self fulfillment in saying alike things in a different way. But most of all there is a feeling of validity in one's work. An accepting of things that are abstract and acknowledgement of contemporary interests. Perhaps the most inspiring feelings that are sensed are those of naturalness and truth of one trying to find himself in art, and being uninhibited by surroundings.

Deloris Kramp

Susan Parisi

Dennis Reid

Music

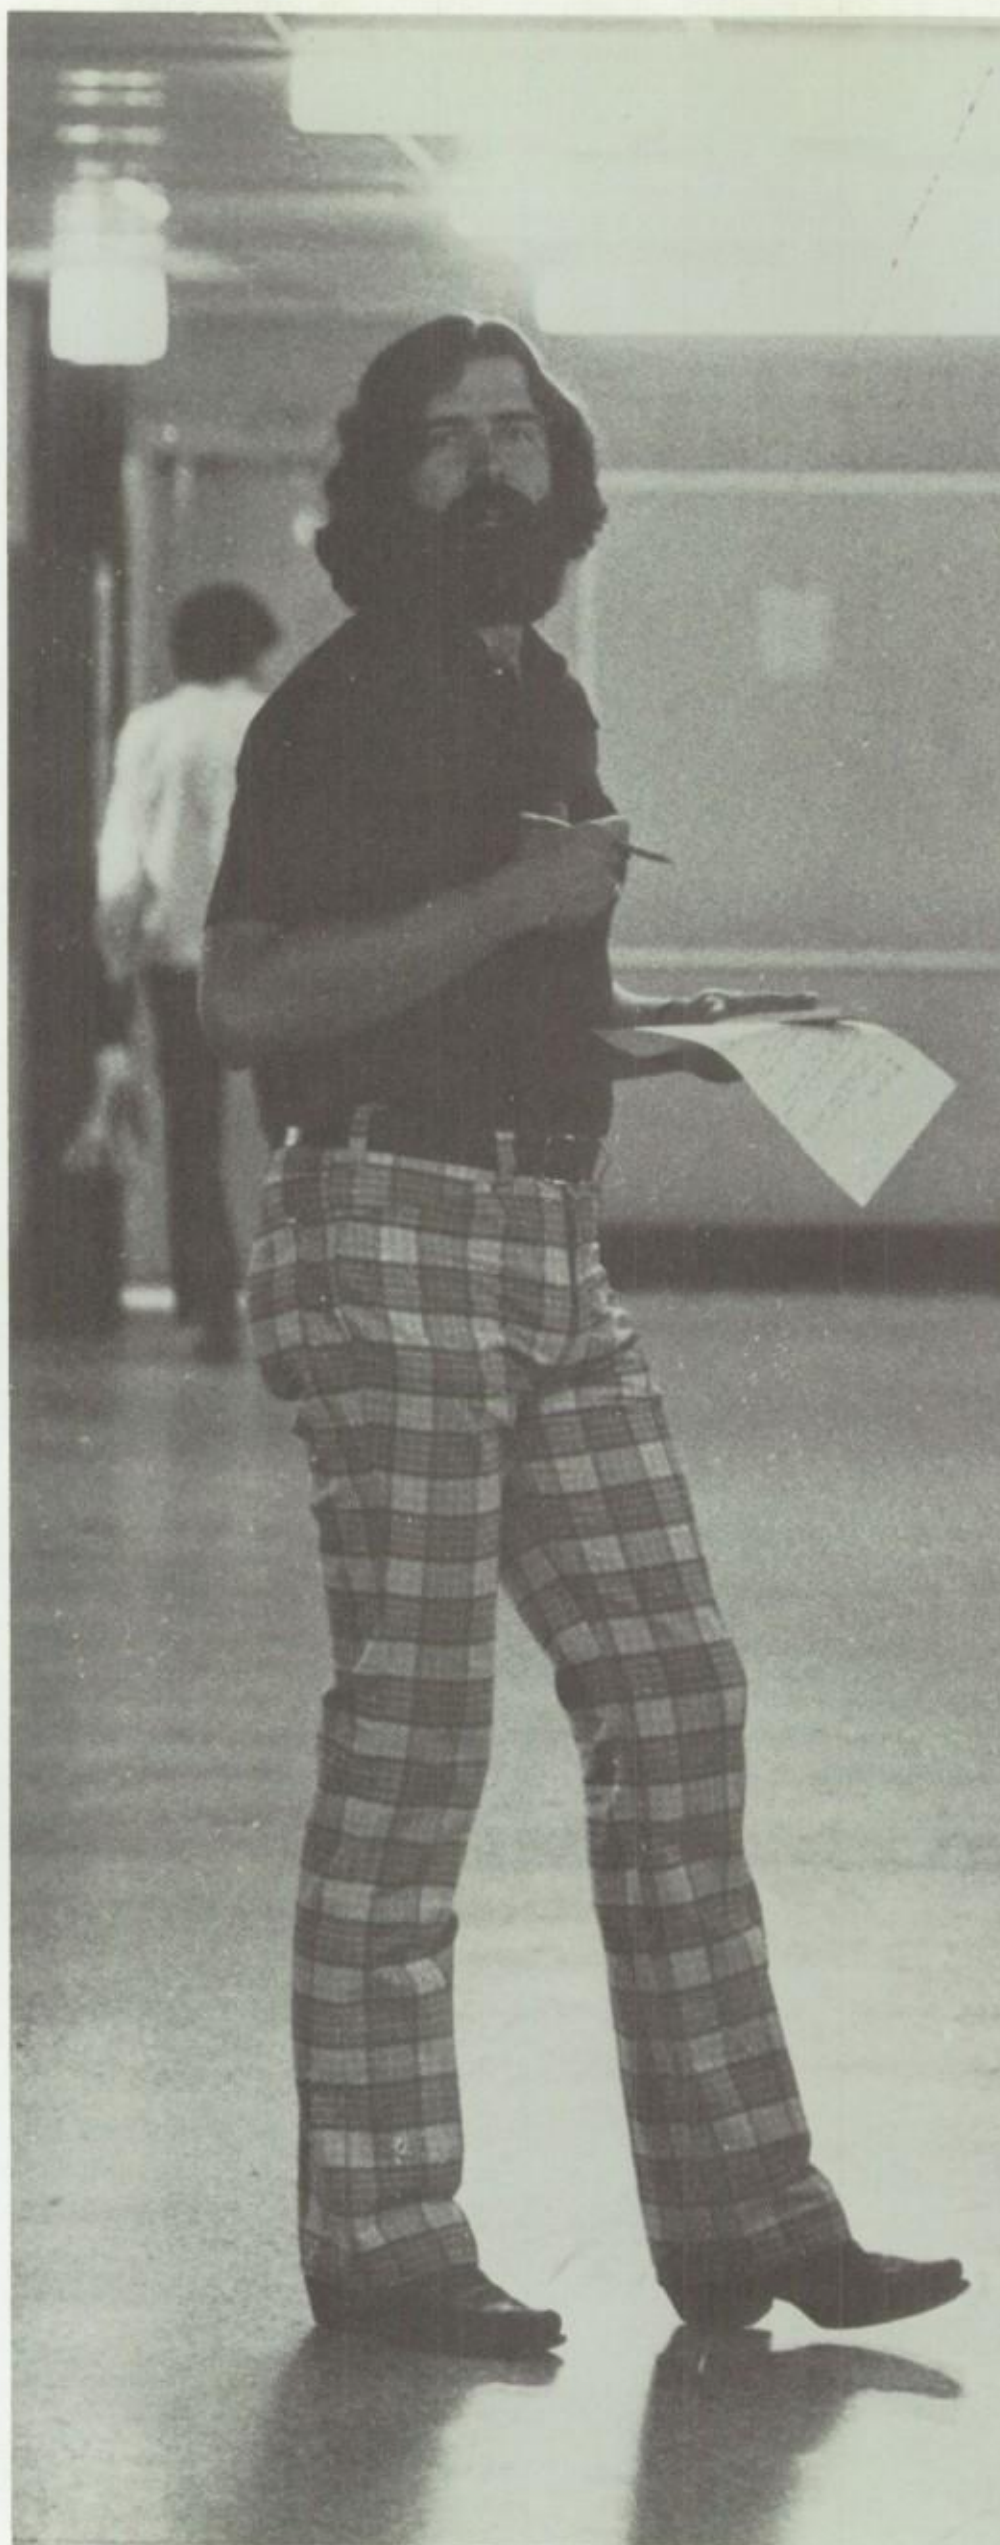

This year the Music Department began recognizing special talents by forming several ensembles. There are ensembles for girls, advanced singers and recorder players. Special attention has also been paid to students who cannot fit chorus into busy schedules, but still want to perform with the group.

An added enjoyment to the chorus room has been Wayne Jaworski, a student from Westminster Choir College. His job has consisted of individualized instruction plus work with the choir as a whole.

The chorus has a busy schedule and has entertained, either in part or in full, at East Brunswick Vocational School, the Women's Club and several times at South Brunswick High School.

Title III

Title III is funded through the federal Elementary and Secondary Education Act and works throughout New Jersey to develop innovative school programs. The Title III project in South Brunswick High School was responsible for establishing the current High School goals with input from the community through the use of surveys. In order to find out how well SBHS is meeting those goals, students in grades 7-12 were tested and the High School staff analyzed the school curriculum. This resulted in the identification of areas of need. The project now plans to run pilot programs in the areas of need. The project is managed by a group of High School staff people who make up the Title III Task Force.

Gloria Wiernik

Foreign Languages

While learning a foreign language may be a dying art, the language department has installed several innovative new ideas to enhance interest and add incentive.

Individual classes have held dinners featuring foods from the country in which the language is spoken. This enabled the students to learn something of the culture and background of the language.

The department has also sponsored a field trip for each language.

Mrs. Wiernick has developed the French honor society, which recognizes students who excel in French as well as maintain a high standard in other subjects. Another element for advanced students is the freedom to continue as far as possible through different levels of the language.

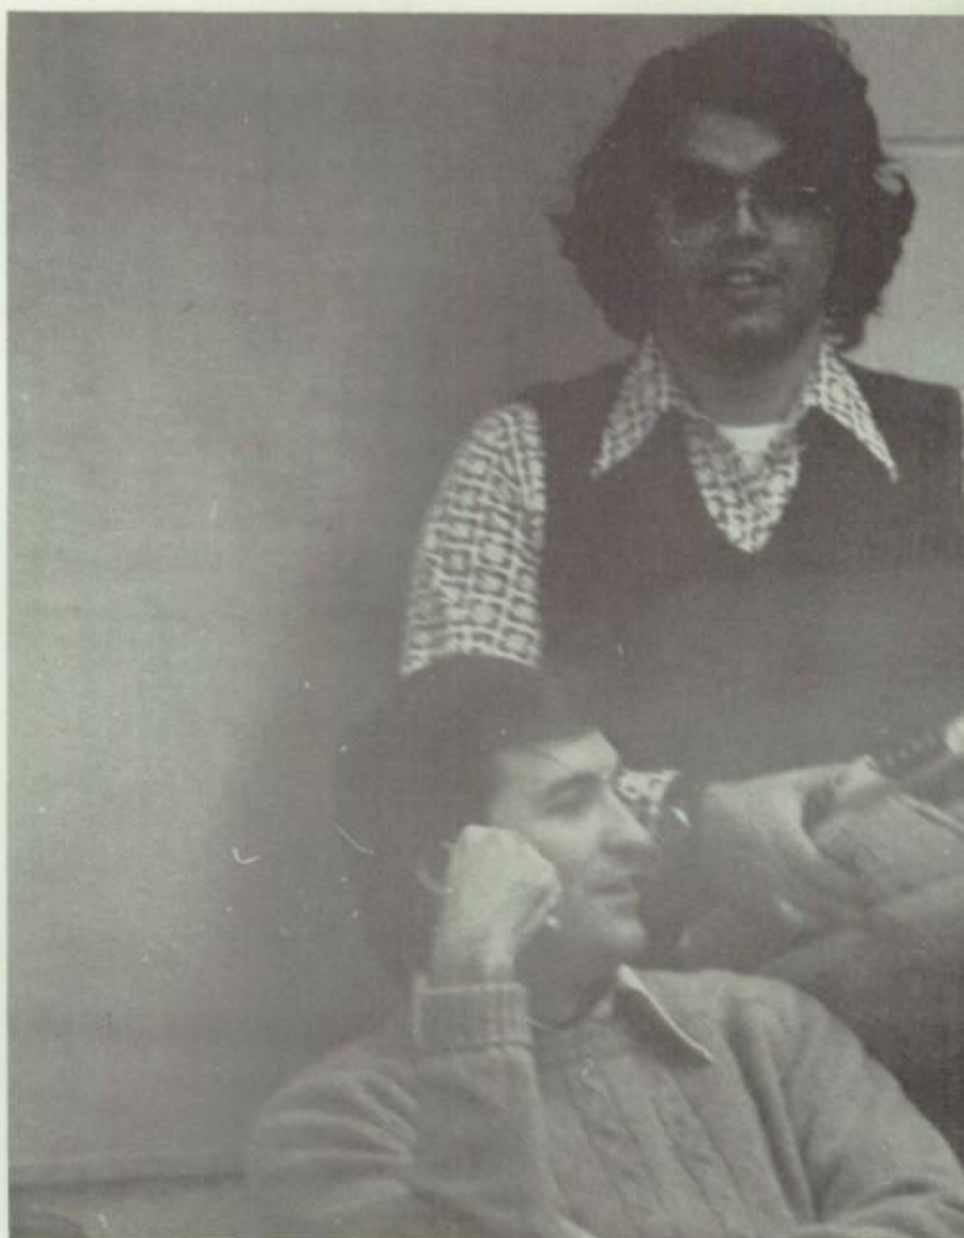

Social Studies

Under the direction of Mr. Guthrie, the Social Studies Department is busy improving and evaluating the social studies courses. The department is actively involved in several professional workshops which deal with investigating possible new courses and modification of courses already in existence.

The Ancient History, MDIPE and 20th Century classes are all planning field trips to Cloister, N.Y., Atlantic City, N.J. and Washington, D.C., respectively. These trips are extremely valuable to complete understanding and appreciation of the course.

An interesting aspect of this department is the school involvement exhibited by the all male staff. They boast three athletic coaches, who are Mr. Petrillo, Mr. Elko and Mr. Balcomb and also four class advisors, Mr. Petrillo, Mr. Kelly, Mr. Urry and Mr. Wright.

Pictured above and to the right are the Twentieth Century Class. Here the group spent 4 days in Washington, D.C. studying our government, seeing Washington and having a good time. In addition to this trip the class, taught by Dennis Brodtkin and Churchill Clark is planning many field trips hoping to broaden their knowledge of our country.

Science

Computers are a basic part of everyday business and now they are becoming fundamental in the math-science department. One very excited department head, Mr. Robert Chopick, claims, "We now have the capacity to develop computer assisted instruction and hopefully offer a new course introducing computer science." Another class to be added next year is "Chemistry for the Health Science."

The department has planned MANY FIELD TRIPS and sponsored an assembly dealing with electricity.

Physical Education

Physical Education is more than just changing into gym clothes and getting your attendance taken. It's a chance to excel, or find personal satisfaction by improving in or simply competing in a sport. The thrill of winning a close game or being a star player is one not usually available in regular classroom experience.

Although facilities are limited due to lack of space, the department is still instituting new ideas. In addition to the newly instituted co-ed gymnastics club, plans are being made for an intramural sports program to be offered next year during an activities period. The strain of varsity competition would be eliminated and the program would be open to the entire student body.

Business and Special Education

William Bowser

Roberta Bronson

Earl Reid

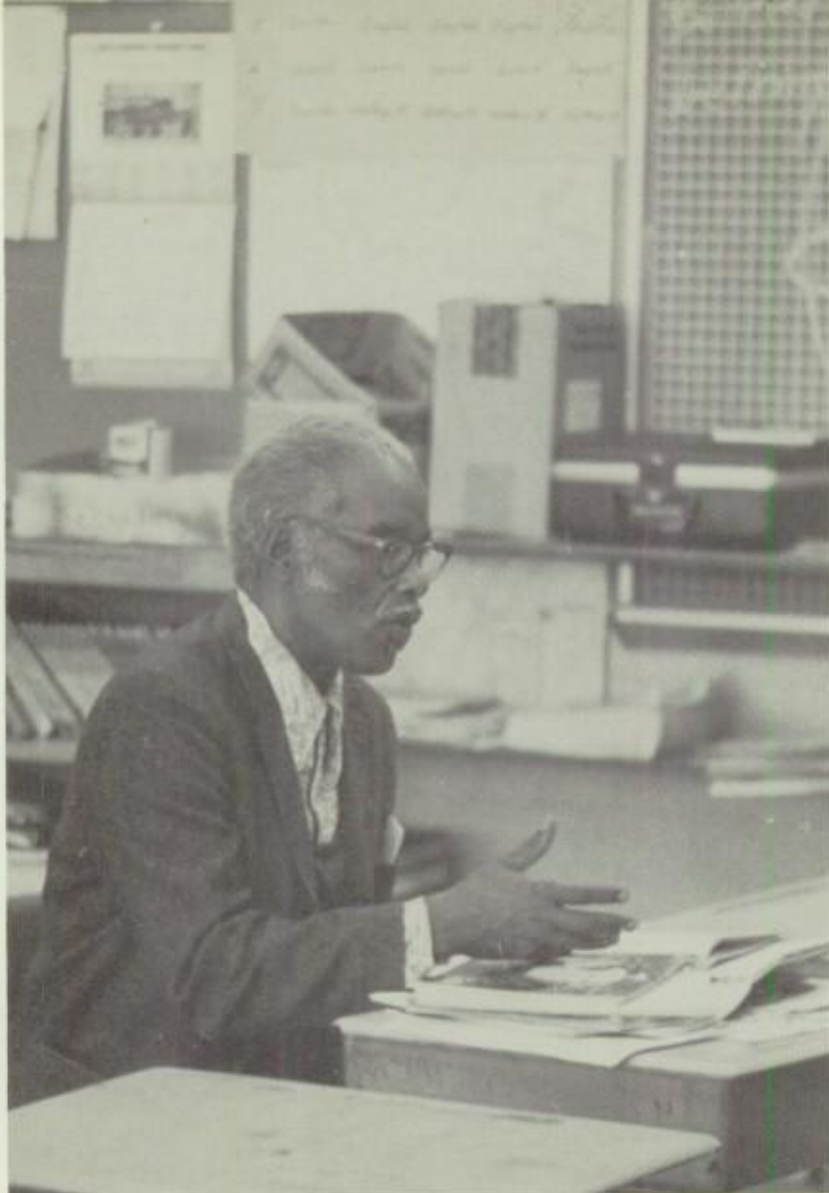

Lloyd Shuke

At a time when college costs are so high and jobs so scarce, it is such a natural thing to find a majority of students taking more business courses than ever. The main function of the Business Department is to educate students in office and clerical work and data processing and accounting.

This department now over eight years at the High School is preparing students to be ready for work right from High School.

The Special Education program is aimed at developing students at the High School level into citizens capable of a high level of social and economic achievement as well as mentally and physically sound individuals.

This program places students in long time employment and allows the student to return for further instruction as long as necessary.

Not only does this program develop capable men and women who are physically or mentally handicapped to a high school level of achievement, it forms physically sound individuals.

Then students are placed in long term employment and assisted by the faculty whenever the help may be needed.

Industrial Arts

Home Economics

Despite the philosophy of Women's Lib many girls are finding fun and satisfaction learning how to cook and sew. Of course that is not all that's learned in a domestic science class. Discussion on nutrition, child care and family life round out the course.

Many girls do independent sewing for their CIPED day project. Others work on the annual tea or belong to the Silly Bird Club which has been established for girls interested in sewing.

Anthony Biddle

James McKee

Joseph Franklin

Thomas Walsh

Shop

The Industrial Arts Department, coordinated by Mr. Thomas Walsh is much more than just woodshop. With classes such as Mechanical Drawing, electric shop, metal shop and wood shop a student could learn enough to construct his own house.

This year because woodshop is such a popular course each teacher in the department is teaching a wood working course. This way more classes can be offered at almost any time of the day.

C.I.P.E.D.

BELOW: Mr. Costa with the Outdoor Education Program.
FAR BELOW: Louis Pasten in the Teacher Aid Program.

The C.I.P.E.D. Program has grown enormously this year with the addition of literally hundreds of activities.

C.I.P.E.D. is designed to supplement and enrich classroom instruction as well as provide new and challenging experiences through direct involvement. Students participate in activities from repelling to pumping gas and every student can choose an activity that suits him best.

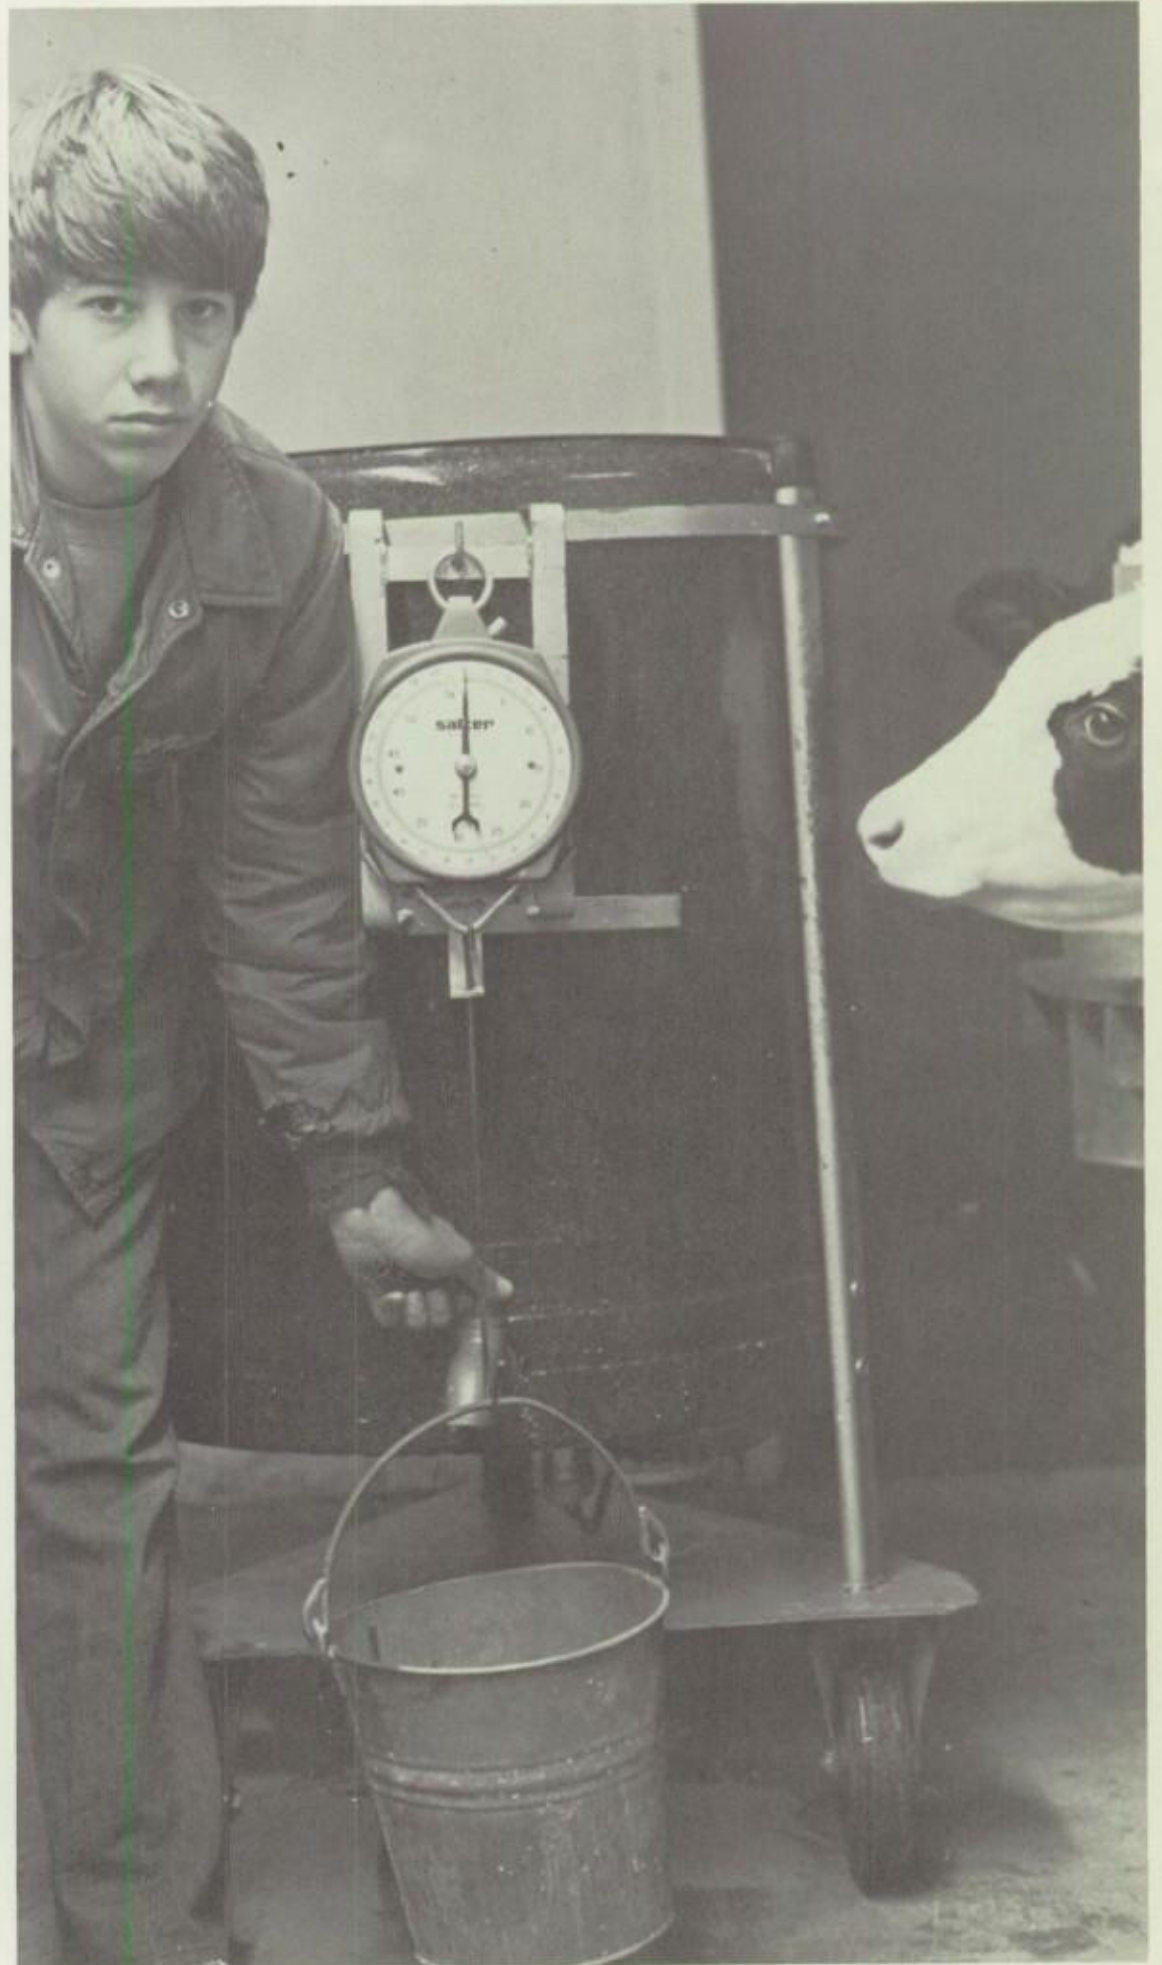

The OUTDOOR EDUCATION PROGRAM — through field trips will allow students to study earth science, soils, geography, forestry and ecology. The TEACHER AIDE program involves students in teaching in the elementary and middle school level.

GOVERNMENT INTERNS — have worked in a variety of settings such as law enforcement, criminal justice, welfare, public works and City planning. Students work independently at their own personal interests in the INDEPENDENT PROJECTS PROGRAM. While the OCCUPATIONAL EXPLORATION PROGRAM aims at expanding career horizons through direct experience, students are exposed to careers in nursing, medicine, community health and welfare services in the Social Services Program.

Desire, Attitude And Ability Are Combined For A Winning Season

ABOVE: Members of the Varsity Soccer team after another victory for S.B.

RIGHT: One of many fantastic saves by Goalie Ken Lowey.

This year's Varsity soccer team posted a tremendous 11-3-1 record against some of the toughest competition in the area. By posting this fine record the team qualified for the county and state tournaments, where they lost to St. Joseph and Lawrence respectively. Still, they were the only team in Middlesex County to be ranked among the top 20 in the state.

Coach Laszlo Nyitrai was named Middlesex County Coach of the Year by the N.J. Soccer Coaches Association. This year, his twelfth season as head coach, Nyitrai used a firm hand in training the team and produced one of the best seasons ever.

Jeff Moore led the Vikings with 19 goals and 10 assists for the year. Other high scorers were Jim Roberts, Jonathan Star, Steve Nitahara and Dwight Hayes. John Prestifilippo, Dan Buckingham and Jim Whitehead, composed the outstanding defense. These three allowed an average of only 18 shots per game while goalie Ken Lowey let an average of only one shot per game slip by.

Third year starters Moore and Star made the first string All-County Soccer team and teammate Prestifilippo was named to the second team.

The team acquired a polished performance due to their experience of playing together since they were freshmen. These seniors will be sorely missed in the future Varsity squad.

LEFT: Inner Jim Roberts intercepts an intended pass.

BELOW: Varsity team returns to the field with enthusiasm after halftime.

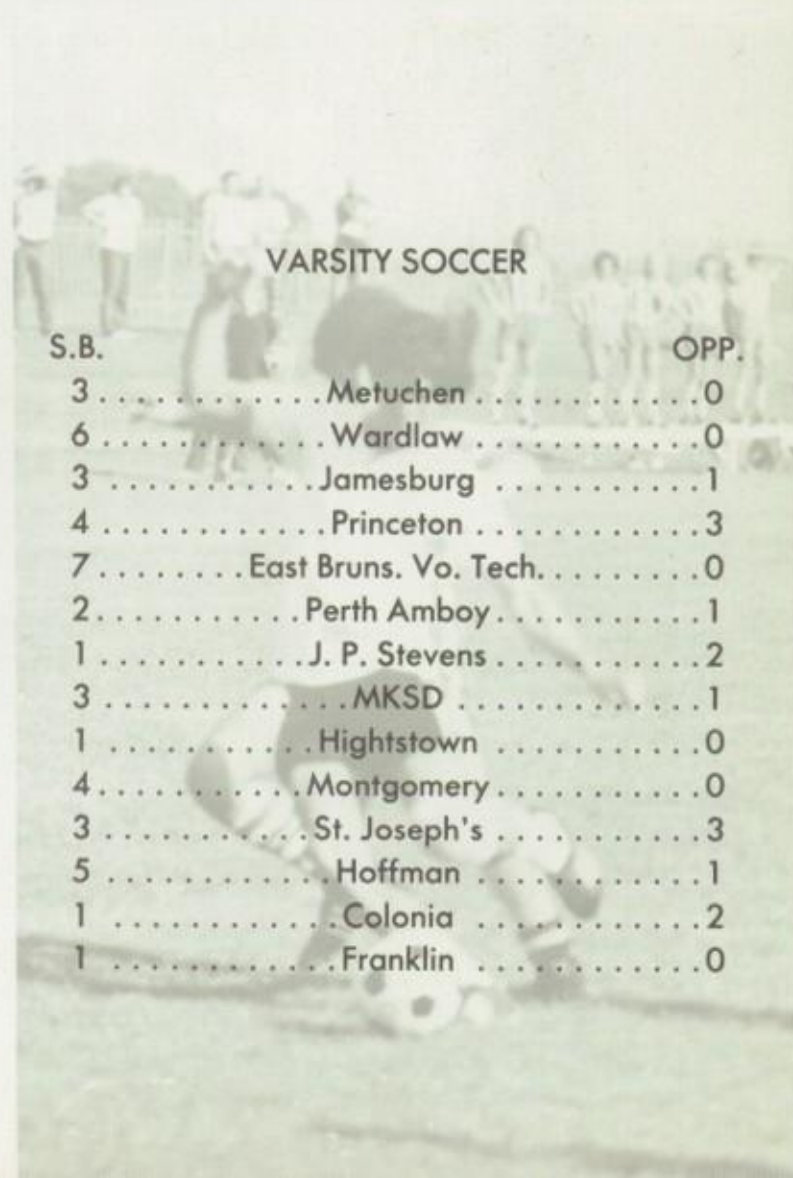

ABOVE: Norman Black sends the ball across the field with a powerful kick.

Gaining strength and confidence as the season progressed, the J.V. soccer team ended up with a 9-5 record. Facing stiff competition, the team continued to develop their skills. Their few losses were by very close scores.

This year's J.V. team unlike previous years was composed mostly of sophomores. Leading scorer for the season was Kevin McGuigan. Their potent defense was anchored by Greg Berger, Dave McClure and Jeff Fernandez.

The 1974 Freshman soccer team, characterized by spirit and determination, turned in a better season than their 5-11-1 record indicates. Coach Bill Gray expressed his satisfaction considering most of the players were rookies. The freshman pace picked up towards the end of the season as they won 3 out of their last 5 games.

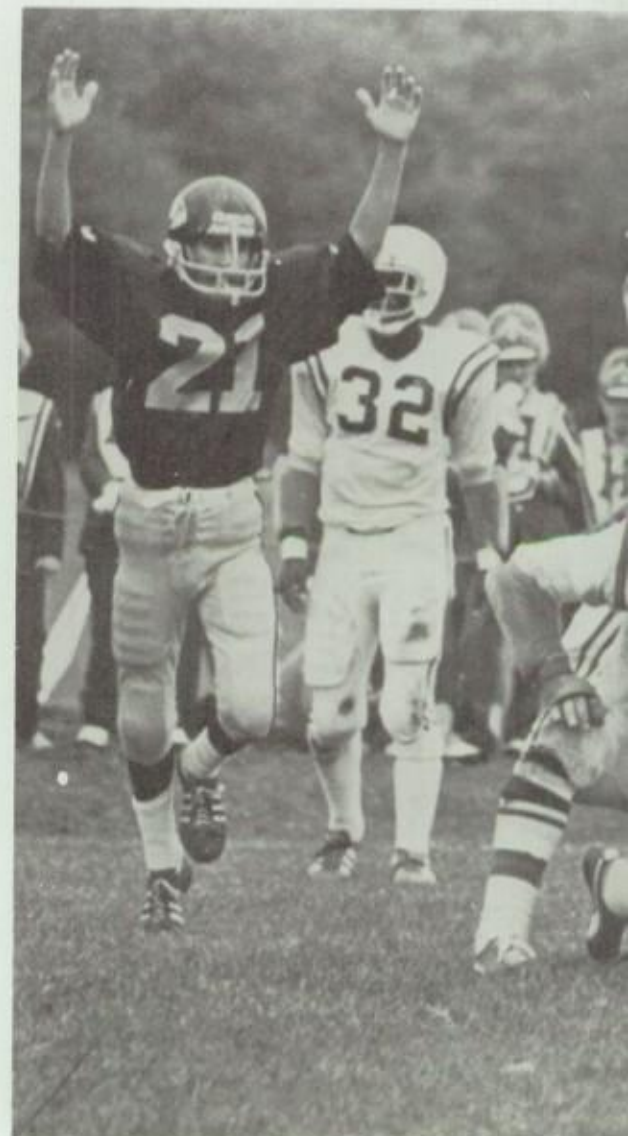

After the third game of the season, a back operation took promising Tom Sullivan out of action. The offense starred high scorer, Leonardo Martinez and teammate Matt Fisher. The defense was highlighted by Jimmy Kuo and Jerry Rubin. The 28 freshman boys who came out to join the team this year attested to the increasing interest in the sport of soccer.

Varsity Football Team Suffers A Disappointing Season

The season ended with a 2-7 record for the Vikings. The team's satisfaction, if not an impressive record, came out of the undying spirit and "never give in attitude" displayed by members of the Varsity football squad.

Part of the season's misfortune was the result of injuries sustained by senior leaders Jeff O'Brien, Mike Hopkins, Dave Prouty, Dennis Biddle and Dave Breen. But consistently grinding out impressive performances were seniors Jack Scratchard, Rich Goeke, Bill Hayes, Matt Reilly, Bill Melvin, Hayes Irolla, Jeff Schimandle, Randy Zaic and Greg Simmons.

BELOW: Quarterback Mike Hopkins shows exuberance after his completed pass to Dave Prouty reaches the goal line. RIGHT: Linebacker Rich Goeke breaks up a pass to Sayreville player.

After struggling through the first few games, Freshman football coach Tony Biddle molded the team's raw talent into a winning 4-3-1 season. The team possessed a powerful defense allowing their opponents an average of only 10 pts. a game and shutout opposition for 13 straight quarters. The offense also turned in a fine performance averaging about 16 pts. a game.

Ben Grover set a new record for most unassisted tackles by a freshman. Other outstanding defensive players were Matt Pinter, Dennis Langone and John Salvatore. Offensive stars were Nick Gengler, Timmy Thompson, Tommy McFerin and Paul Staton.

J.V. FOOTBALL

Sophomore Jan Blazewski breaks through the defensive line in action against Sayreville.

The hope of a fine varsity future is kept up with the continuous flow of upcoming J.V. and Freshman talent.

The J.V. team wrapped up its victorious season with a 4-1-1 record. Although their team was significantly smaller this year, by using more sophomores in the lineup, they went almost unchallenged. Rich Nasdeo, already a fantastic quarterback in his sophomore year brightens the outlook for future J.V. and Varsity teams. Valuable efforts were put out by all members of the team with exceptional showings by Doug Lavenburg, Eliot Runyon, Bob Romano, Jimmy Hopkins, Jan Blazewski, Dave Kilburn, Jim Long, Mark Byrd, Paul Smith, Bill Nabstedt, Jerry Taft, Bob Berk and Mark Walsh.

The purpose of having a sophomore football team along with J.V. and Freshman squads is to give the boys as much possible experience in practice and game situations. The team compiled a record of 2-3 against a host of impressive Group II and III opponents.

Small schools are dropping Sophomore football from their schedules because of a lack of support and coaching personnel. S.B. instead hopes to work toward building interest in its Sophomore team.

Cross Country Team Was Paced For A Great Season

The success of the Cross Country team was due to the willingness of the boys to give a total all-out effort without complaints during long, hard hours of training. The team has to its credit an 8-4 meet record. They took first place in the DVL and second in the Central Jersey Group II division.

Dave Young, running Varsity track since his freshman year, has been consistently breaking old records and setting new ones. This season he made the Middlesex All-County team and placed second in both the Central Jersey Group II and State Group II competitions. He has also led the team as captain for the past three years. Other outstanding senior runners are John Hou, Tom Dowgin and Ed Harris. Their loss will be greatly felt next year.

Returning runners Dan Galvano, Tony Long, Olivier Gindraux, Jimmy McIntyre, Dennis Breen, Joe White, Dave Keys and Norman Malinowski are expected to lead the team next year.

BACK ROW: Coach Warner, E. Harris, N. Malinowski, J. McIntyre, D. Galvano, T. Dowgin, T. Long.
FRONT ROW: D. Young, J. White, J. Hou, D. Raduzycki, O. Gindraux.

Freshman Frank Kaler who earned a Varsity letter shows definite promise as he placed first in the Middlesex County Freshman Meet, third in the Edison Invitational Tournament and was named to the All-County Freshman team. Other up-and-coming freshmen who composed the Freshman Cross Country team were Greg Rule, Jeff Reil, Nick Davidson and Dave Raduzycki.

Determination And Talent Keep Varsity Basketball Team On Top

With an excellent attitude and total dedication, the Varsity Basketball Team was able to complete their season with a winning 18-6 record. A few of the many outstanding games of the season were against Lawrence and Allentown when the team showed impressive defensive effort and the victory against Hopewell Valley that clinched the DVL Championship.

Although they were short on height, the Viking team compensated with excellent shooting and rebounds by Senior Mike Hopkins, the outside shots netted by Norman Black, and fine boardwork displayed by Greg Simmons. Jan Blazewski adding points with fine offensive moves and Dave Kilburn as a valuable defensive guard both sophomores this year, started on the Varsity Team.

The first to come off the bench were Juniors Kurt Thompson and Eliot Runyon. Other talented individuals who should provide many thrills for SB fans in the future are: Greg Berger, Doug Lavenburg, and Dan Galvano.

Taking a shot from the free throw line is Kevin McGuigan as teammate Barry Cleffi anticipates a basket.

Surpassing an expected .500 average, the J.V. Basketball Team, coached by Walt Titterington compiled 15 wins and 5 losses for the season. Through teamwork and even-shooting, the team surmounted its one major problem — height.

The starting line-up consisted of Juniors Doug Lavenburg, who at point held the team together, Dan Galvano at guard as the leading rebounder, Tom Baionno as forward, and Sophomores Greg Berger, an outstanding offensive shooter of the team, and Jimmy Hopkins as guard.

Four players suited up for Varsity games and therefore were unable to play the entire J.V. game. However, this problem was easily overcome by a strong bench: Barry Cleffi, Olivier Gindraux, Ted Gaillard, Tony Perez, Rich Domotor, Kevin McGuigan and Phaon Payne were always ready to come off the bench and do their part in a close game.

Coach Nyitrai Continues Winning Ways With Varsity Wrestling Team

The South Brunswick Wrestling Team once again upheld its reputation of being one of the top teams in the county. The Varsity Squad ended the season with an 11-1-0 record. The hard work over the past 11 years by Coach Nyitrai and the wrestlers enabled the team to capture its 100th career victory. The squads 11 year record now stands at 101-35-2.

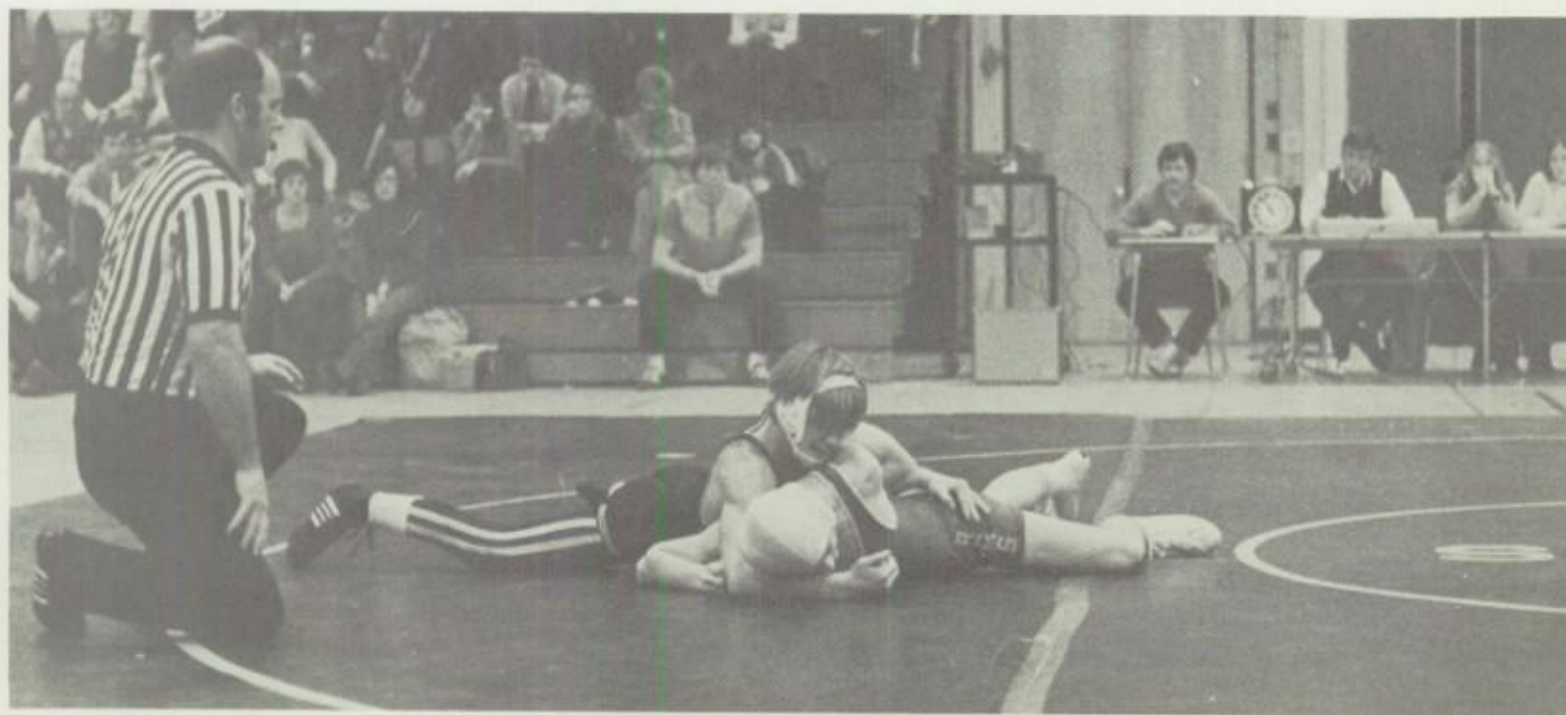

The team had an excellent start by winning the Colonia Championship. They boasted six 1st place winners: Bill Hayes, Gene McFerrin, Dana Ulanoff, Rick Goeke, Jon Star, and Scott Kessler. Next on the schedule came the County Tournament, one of the hardest in the state. Bill Hayes, Jon Star, Jack Scratchard and Tom Dowgin entered the finals, with Star and Hayes emerging victorious.

Much of the team's success stems from experience gained by members who have been wrestling on the J.V. and Varsity squads since they were freshmen. The loss of many fine Senior wrestlers will be felt in the coming years.

KNEELING (l-r): R. Craig, D. Hayes, E. Braun, S. Geller, J. Dowgin, G. MacMurray.

The toughest wrestlers to emerge from the J.V. squad this year were Novice County Champ Dan Recchia, and Co-Captains Jim Dowgin and Greg MacMurray. Other powerful wrestlers to watch for in the future are Sam Geller (122) and heavyweight Chris Conover.

The strong Freshman Team competing in the Freshman Tournament had three 1st place winners: Tommy McFerrin, John Salvatore, Ben Grover, and three taking 3rd place: Jeff Voorhees, Paul Hou, Chris Perdun.

Snow And Cold Weather — No Barriers For Winter Track

Tony Long strives to catch up in race at Jadwin Gym.

As he rounds the turn, Art Runyon strains to maintain a small lead.

Once again the SB Track Team has braved the cold and snow of winter for the cause of sportsmanship. The most noted factor of this years team was their continual improvement as the season progressed. Individual development was also observed throughout the winter season. Despite cold weather and lack of support the runners and weightmen strove for better performances than they had exhibited in previous meets. The team recorded its first win of the past two years and ended the season with 2 wins and 4 losses.

Next year's squad will miss two of its best trackmen, Seniors Dave Young and Art Runyon, and rely upon returning lettermen Norman Malinowski, Tony Long, Bob Berk, Jimmy Long, Todd Rosenthal and Jeff Reil who have all shown outstanding ability.

Girls Varsity Basketball Team Completes Best Season; Reach State Tournament

The highlight of the South Brunswick Winter Sports Schedule was the amazing success of the Girls Varsity Basketball team which posted a 23-2 record — by far the best ever accumulated since the first girls' team. Combined with talent shown throughout the season, the determination and pride of the girls drew record breaking crowds of supporters.

The team was keyed around 6 foot, Co-Captain Sandy Domoter, who averaged 24 points per game and set a new school record of 43 points in one game. The most noted accomplishment of her four year career on the team has been the acquiring of over 1000 points.

Although Sandy was undoubtedly the star of the squad, the remaining members also played a vital role. Co-Captain Chris Hamway and teammate Wendy Prouty contributed an important part of the Viking effort with their outside shooting ability. The excellent ball handling of Helen Faulkner and rebounds and assists added by Phyliss Harker rounded out the starting line.

Coach George Hosea was happy with the results obtained by using a tight 2-1-2 zone defense. The teams defensive maneuvers proved to be very difficult to penetrate and kept their opponents scoring below an average of 25 points a game.

For the first time in the teams' history they competed in tournaments. After taking first place in the All-Brunswick Christmas Tournament and capturing the Middlesex County Championships title they went on to the Quarter Finals of the State Tournament where they met an untimely defeat to Bridgewater East.

BELOW: Coach Hosea follows the action during a game.

Sandy goes up for another two points during the game she hit the 1000 pt. mark.

Enthusiasm Sparks Girls' Field Hockey

During the game against Princeton, Phyllis Harker attempts to steal the ball.

Greater participation, development of skills and the return of last year's starting lineup, all attributed to the improvement of the Varsity field hockey team. One of the most important factors has been the changing attitude of the squad members. The girls had a lot of spirit and confidence which pushed them on to a successful 6-6-4 season.

Out of the many outstanding individual players on the team, Captain Dot O'Brien and teammate Patti Malinowski accumulated the most goals. Senior wings Margy Eldred and Sandy Cleffi were responsible for delivering the ball to the shooters. On the defensive lines were Judy Tomasso, Phyllis Harker, Kathy Fisher, Nancy Hoyt and Karen Burkert. This year's goalie Jean Kahler was named to the Trenton Times All-Area All-Star team.

The Varsity squad, composed mostly of seniors, will suffer a great loss due to their graduation. Along with remaining Varsity players, the J.V. team carries the hope of a successful Varsity season next year.

Faculty

Bulletin #75

1. There will be a meeting after school for all advisors of clubs to discuss this year's activities calendar.
2. Any teacher interested in chaperoning at the dance next Saturday, please see Mr. Longo before the end of the day.

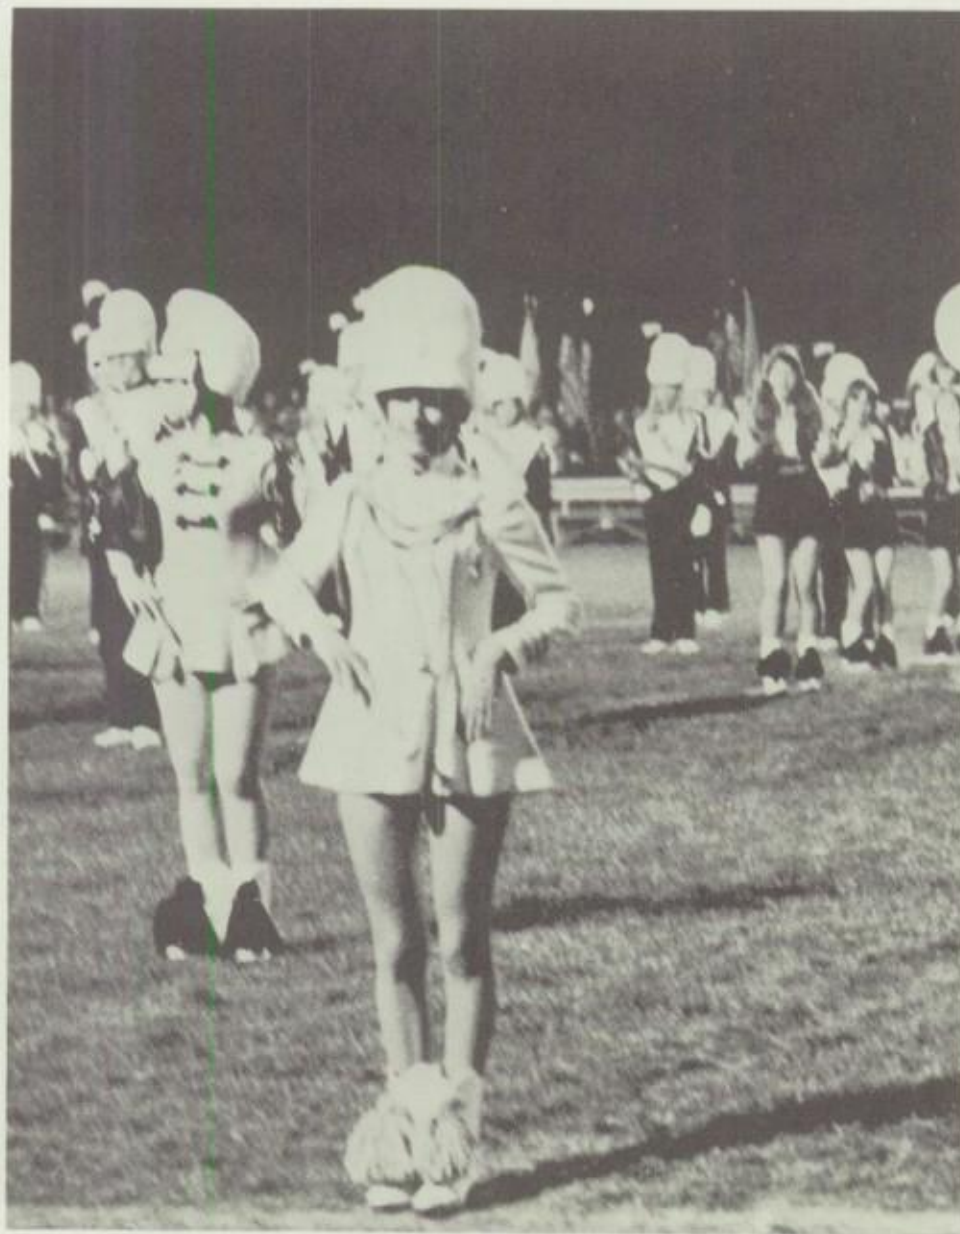

Students

1. At 2:45 today there will be practice for the band festival. All marching band members, twirlers, flag twirlers, color guard, lancers, and drill team must attend.
2. All cheerleading squads please report to the gym 7th period to prepare for the pep rally.
3. Today in homeroom there will be voting for the five girls on the homecoming court.
4. All students are invited to see "Play It Again Sam" on November 22 and 23.
5. The second payment for the Jay Peak ski trip to Vermont is due this Friday.
6. There will be a student council meeting 3rd period in the auditorium. All reps. must attend.
7. Will all Gourmet Club members please give Miss Kramp their money before next Wednesday?
8. Any Outdoor Club member wishing to go on the caving trip, must sign up on the sheet on room 14.
9. Edilon is your literary magazine, any literary works, poems, photographs from you will be appreciated.
10. There will be a meeting of the N.H.S. this Thursday at 7:30 to discuss a new service project. Any member who cannot attend must see Mr. Hornick or Ms. Colligan.

Activities

Viking Band Has Most Spirit In Years

It is a custom at S.B.H.S. to have a pep rally before the first game, and this year was no different. The pep rally was successful in bringing spirit throughout the school.

The band also appeared in the Homes News Festival. This is not competition although every band involved receives a trophy. It's just a way for the different bands to get together to see each other's halftime show.

This year's Lancers were led by captain Lyn Kertez. The plans for the future include enlarging the squad by at least five girls.

Band Marches In Step

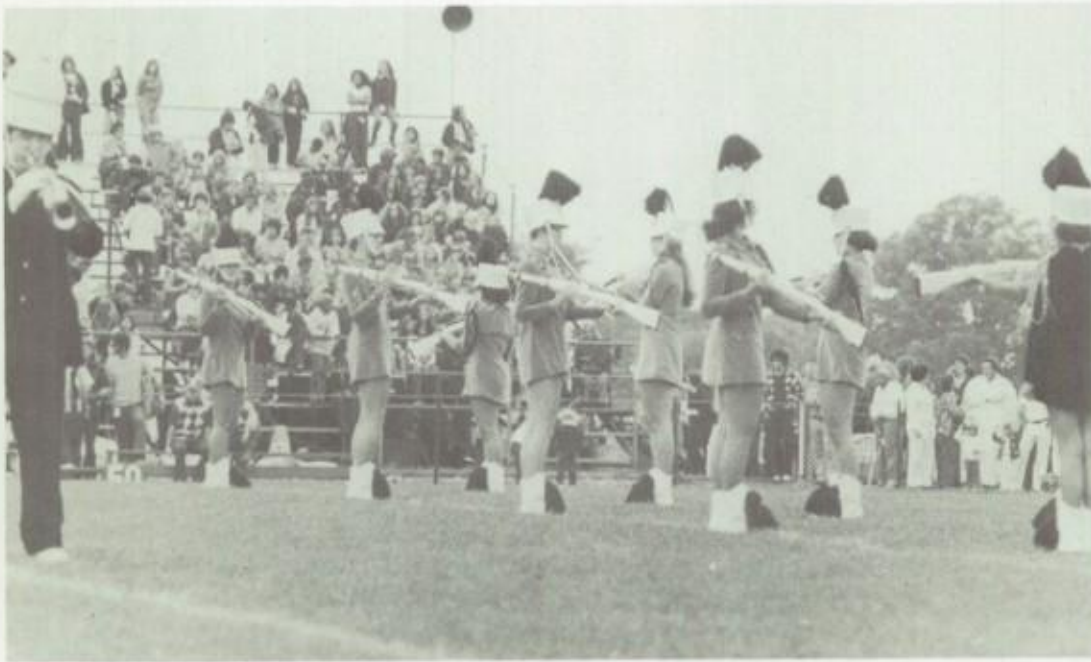

This season was one of the best for the B.S.H.S. marching band. They marched in various parades and performed in different other events, such as the United Fund Balloon Launch at I.B.M. and the Band Festival at Memorial Stadium in New Brunswick.

Mr. Dennis Reid, band director, was proud of this year's marching season and feels sure the spirit will be passed on through the years.

The Drill Team with captain, Rosalie Gibson, though small in size was never short in spirit. This year the squad performed several new steps during halftime, and in addition, did a dance routine with the rest of the band.

TOP LEFT: Judy Levitan, L. Bianchi, B. Ochino, A. Fowler, S. Martinez, L. Weber, L. Weidlich, S. Bianchi, Rosalie Gibson. TOP RIGHT: Head Majorette, Sylvia Manzo.

Twirl Your Own Thing

A change in attitude and unity came with all the new members that joined the ranks of color guard this year. Band camp had a great influence on the girls, which showed throughout football season as they worked together not just as a squad, but also as friends. Cooperation and a tremendous effort to improve the unit made it one of the best color guard squads ever.

This year's flag twirlers consisted mainly of new members. Despite this handicap for captain Carolyn Ilnicki to work with, through hard work and fun combined the squad proved successful.

The twirling squad this season was also a great success. Again this season the girls twirled fire which added an important spark to our halftime show.

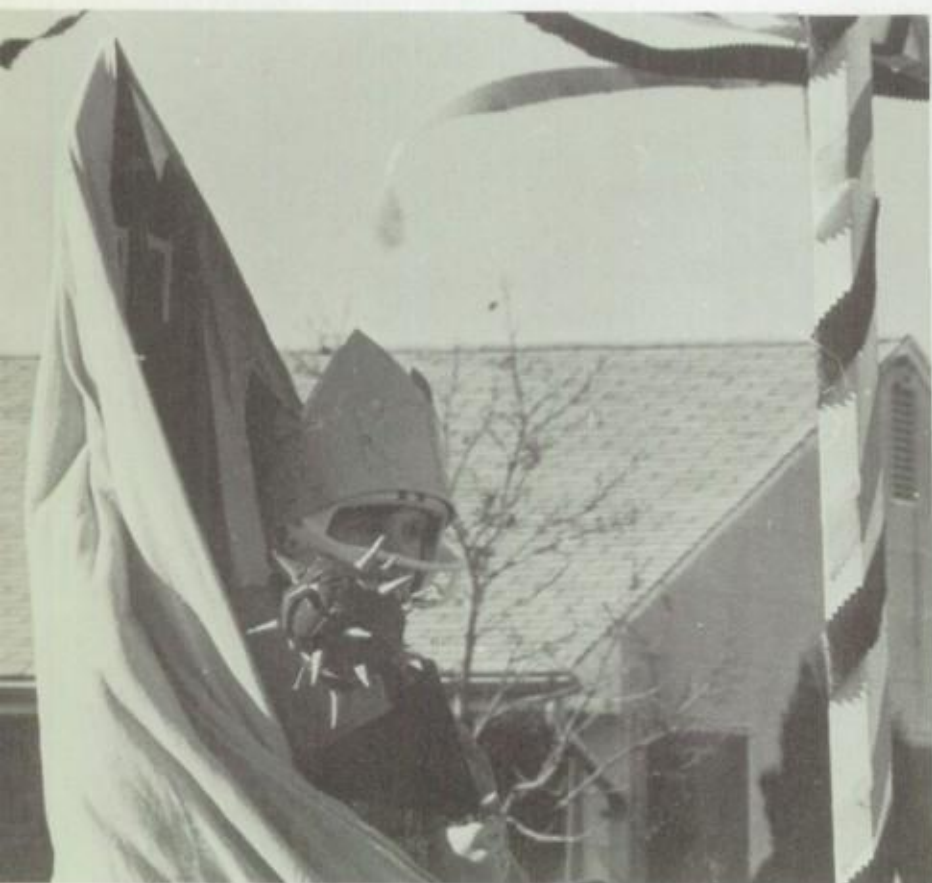

**Cheerleaders
Successful In
Bringing Spirit
To S.B.H.S.**

The combination of cheerleaders, band, and lots of spirit made this season a memorable one for Vikings fans. The Varsity squad, led by Judy Tomasso and Carole Gindraux, have contributed immensely to growing school spirit. Since losing a game doesn't mean losing hope, the girls went out and yelled even louder the next time! Special touches like decorating the lockerroom and throwing toy footballs to cheering fans, all show how much caring and dedication goes into being a good cheerleader.

The Spark That Started The Day

ABOVE: Class of 1977. TOP RIGHT: Class of 1978. RIGHT: Class of 1976.

LEFT: Class of 1975.

As tradition marches on, so did the Homecoming Parade Saturday morning on November 9th. The spectators along New Road witnessed the four classes' floats depicting the desired victory over Queen of Peace. First place was taken by the class of 1976 with "Queen of Peace, Rest in Peace." The audience turn-out included football players, parents and students. This year's parade again created enthusiasm both before and during the game. Sylvia Latimer was this year's Homecoming Chairperson.

And Then Came The Halftime Festivities With The Crowning Of The Queen

The whistle, the chant, the music began Homecoming half-time. The band performed their show with a special Homecoming formation. This year's court consisted of, Tricia Chrinko, Karen Cloutman, Sandy Cleffi, Dot O'Brien, and Judy Tomasso. The escorts for the court were, Timothy Frawley, Ken Lowey, Jim Roberts, John Prestifilippo, and Norman Black. And the 1974 Homecoming Queen was Judy Tomasso, who was crowned by last year's queen, Peggy O'Brien.

FAR LEFT: K. Cloutman, K. Lowey. BOTTOM LEFT: D. O'Brien, J. Prestifilippo. TOP: Queen, Judy Tomasso. ABOVE: S. Cleffi, J. Roberts. RIGHT: T. Chrinko, T. Frawley.

The production of "Play It Again Sam" was another success for S.B.H.S. with director Churchill Clark and assistant director Lorraine Tamasi. Performances by Joan Papadem, Bob Orlikoff, and Bill McCallum were outstanding, as were the performances by play veterans Frank Deutsch, Becky Parker, and Karen Kahn.

TOP RIGHT: Frank Deutsch, Joan Papadem. LEFT: Bill McCallum.

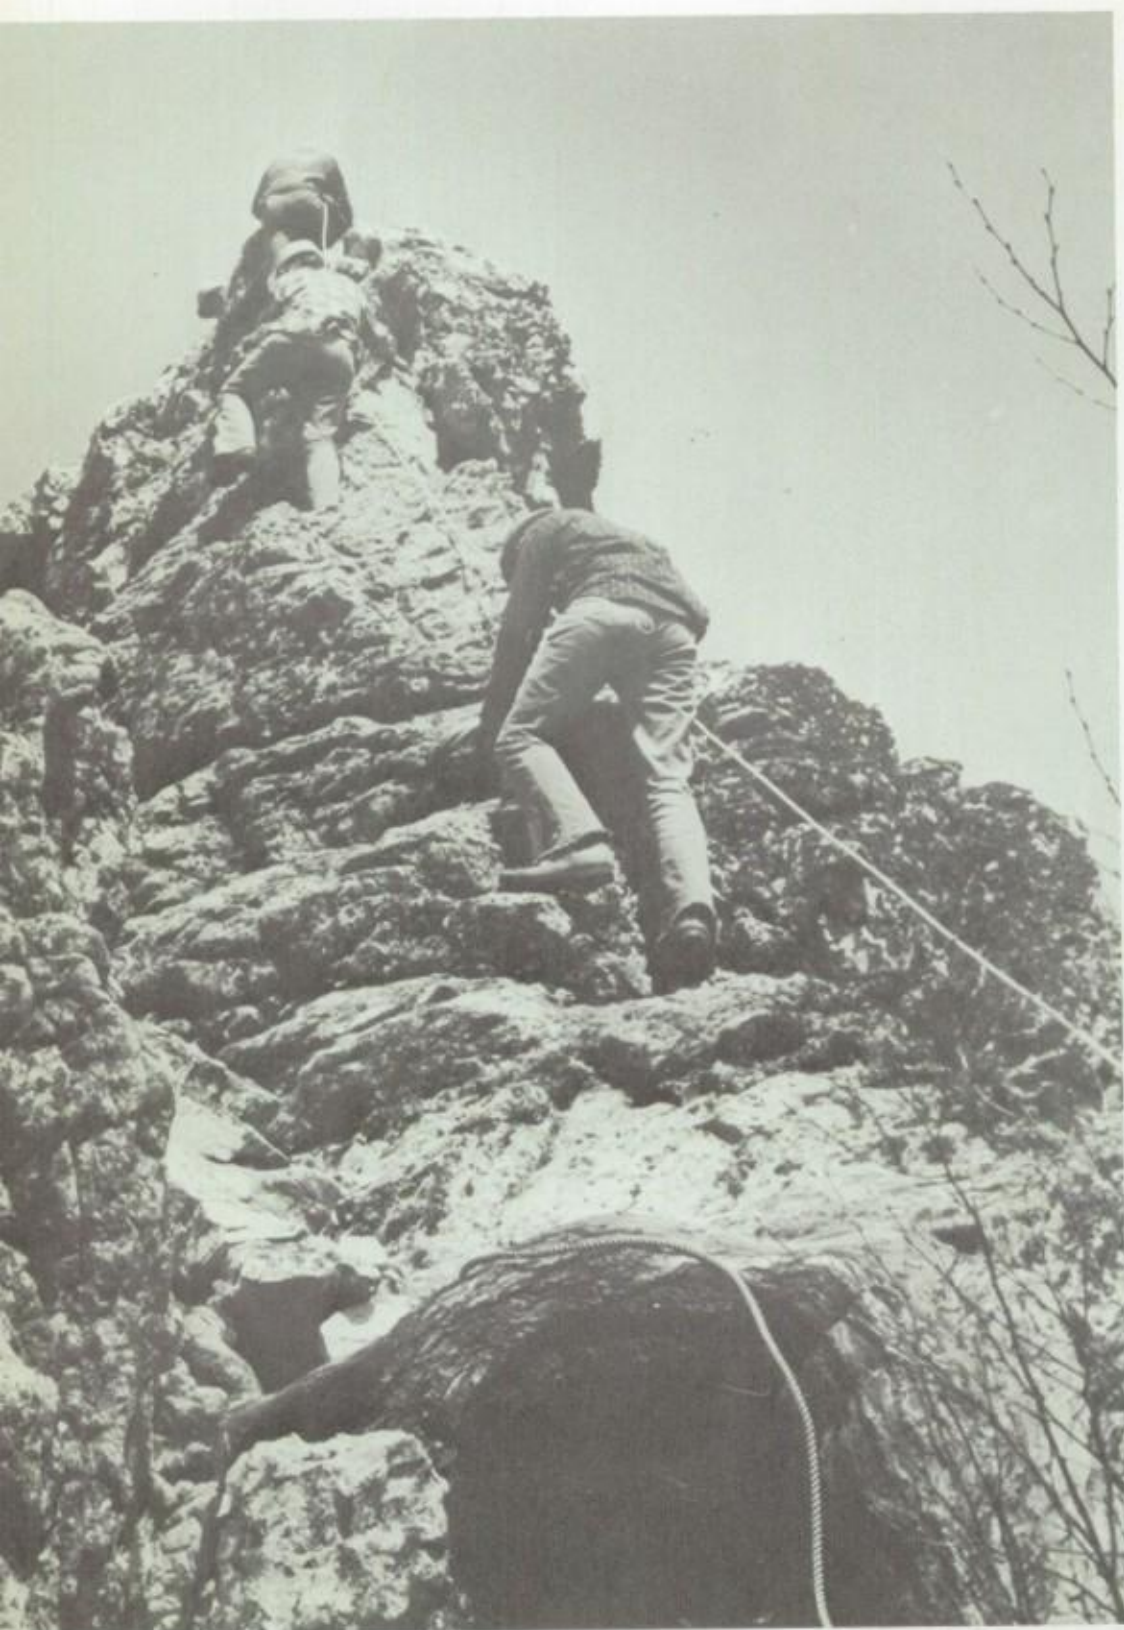

Lights, Camera, Action

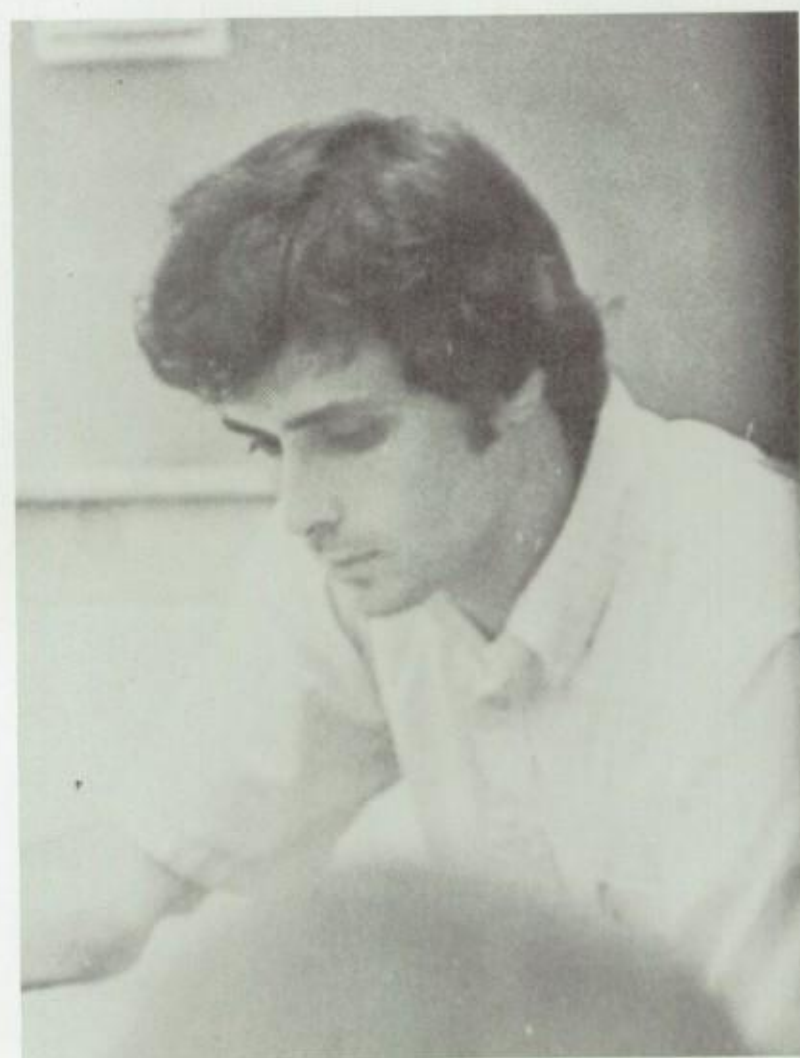

TOP LEFT: Cast of the play. BOTTOM LEFT: Bob Orlikoff, Frank Deutsch, Joan Papadem.

With advisors Angelo Costa and Dennis Sabo, the Outdoor Club continues to exist at S.B.H.S. Although the trips have decreased to once a month the participation is as good as always. The Outdoor Club combines learning experiences with a good time. Some of this year's activities have been rafting, a Bear Mountain hike, a hang-gliding trip, along with a pond clean-up. The club has many more trips and ideas for the future.

Adventures With The Outdoor Club

ABOVE: Campsite in Seneca, W.V. LEFT: Advisor, Dennis Sabo. RIGHT: Advisor, Angelo Costa.

What's Cooking?

The officers of this years Gourmet Club are: President Gail Moritz, Vice-President Marion Ryan, Treasurer Josh Stern, and Secretary Tricia Chrinko. The club holds a dinner every month with a menu that is prepared by the members. They choose the type of dinner, make up a work list and copy recipes to be used. The emphasis is on food from foreign countries. The gym activities, such as volleyball and basketball, round out the evenings schedule. There is a great interest in the club as shown by a waiting list as long as the list of active members.

Pass The Butter, Please . . .

Ski Club Goes

"D
o
w
n
h
i
l
l"

The South Brunswick Ski Club got off on the other ski this year by being township-sponsored. Under the new sponsorship and this year's new officers (Randy Zaic — President, Judy Tomasso — Vice-President, Dot O'Brien — Secretary, Glen Petrone — Treasurer) the activities went on as usual. The club started out the season with the trip to Jay Peak, Vermont, over the Christmas vacation, followed by the usual five trips to Great Gorge. A first this year for the Ski Club was two trips to Camelback, Pennsylvania. In spite of the lack of snow, the members had an enjoyable season.

Oh, those nights in Vermont.

. . . lean forward and keep my tips up?

Writers At S.B.H.S.

The Viking Press came back into existence after two years of semi-production. About a total of five issues, under the names Santayana and Xenos, came out during the past two school years. They were marred by censorship and "underground papers."

This year, however, a new staff started the extremely hard task of beginning production once more. Inexperience and plenty of mistakes showed in the four page December issue, the first paper to come out with the Viking Press banner in two years. But the next two issues not only improved drastically, but also doubled in size.

An outstanding aspect of this year's Viking Press was the final edition which featured a senior section including a last will and testament, senior superlatives, graduating comments, and lots more.

Next year's paper should be as good, if not better than this year's. Experience and a solid foundation should bring the Viking Press up to the standards it set in the early 1970's.

SIDE: Viking Press Staff.

ABOVE: Eidlon Magazine Staff.

Student Council Needs Organization In A Hurry

As you may recall, we started this year off with no student council. Many who wanted to reform the council had a tough time getting an advisor, until Mr. Bud Rue came to our rescue. Then came time for the officer's elections which had to be repeated because of protests of unconstitutionality. These setbacks cost us many months that could have been used productively.

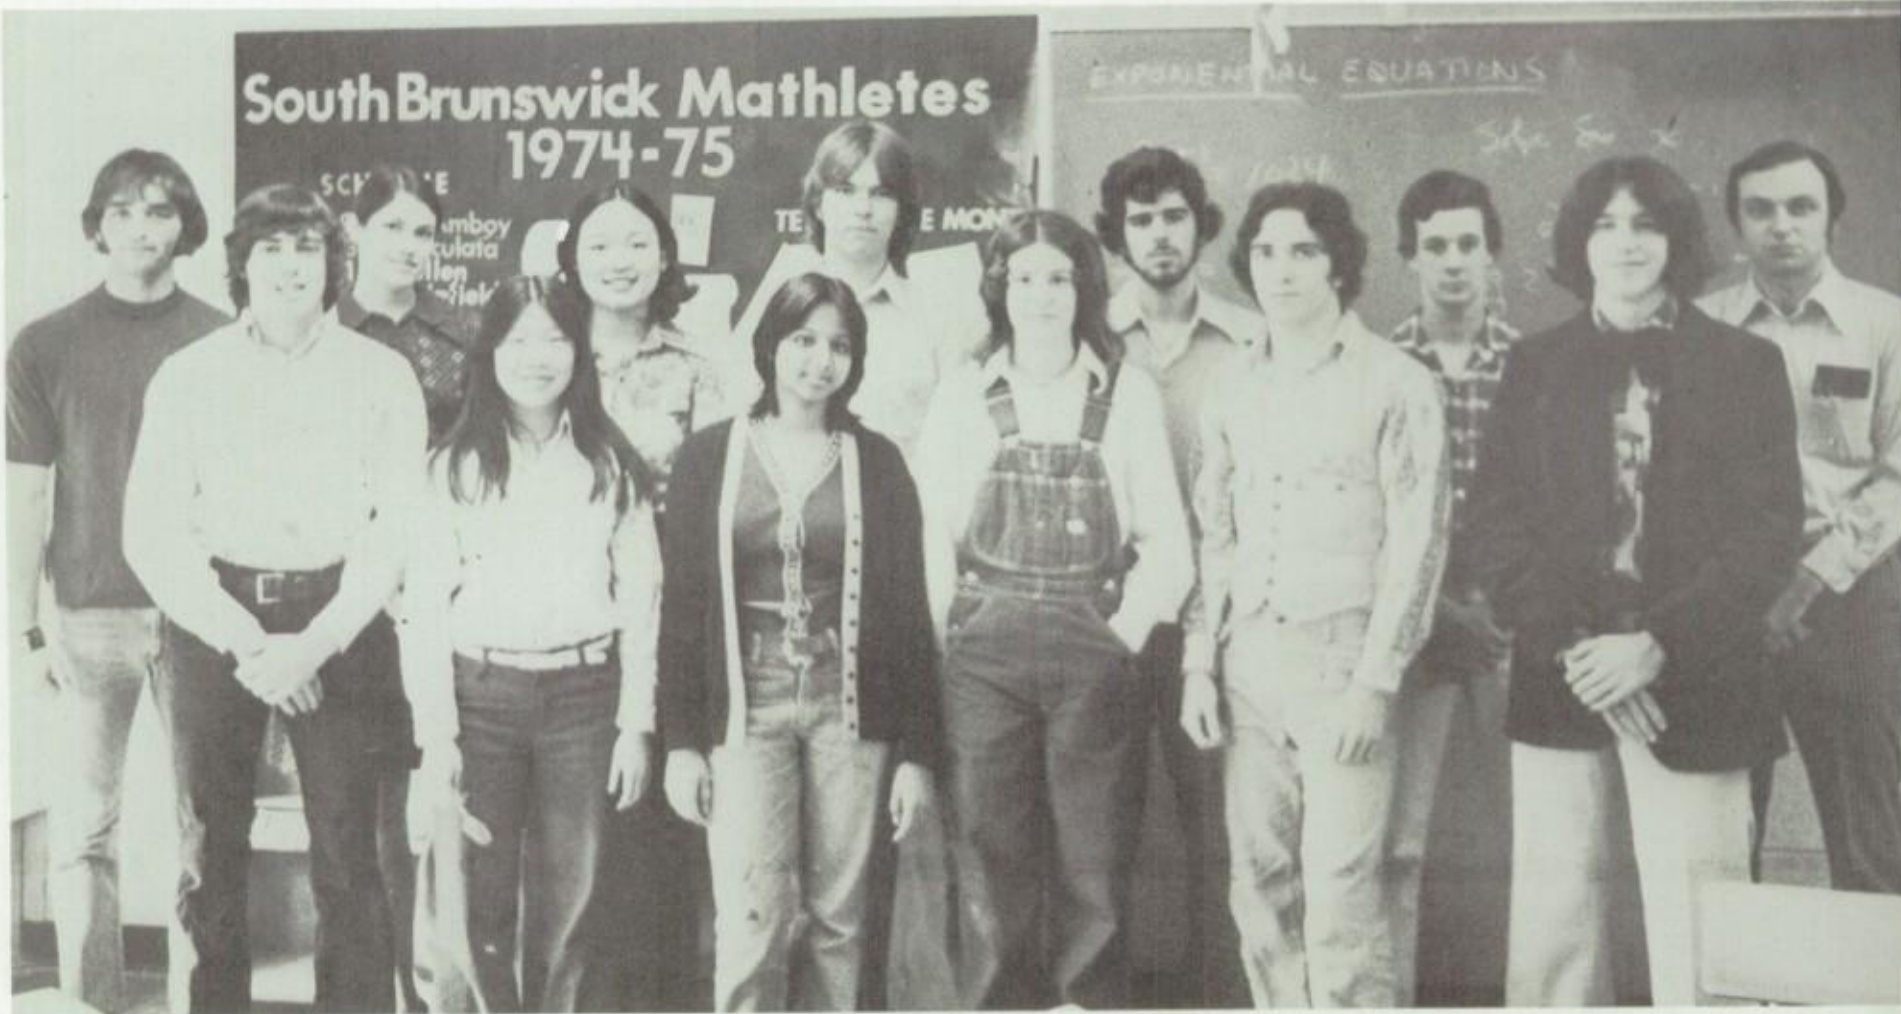

TOP: Joan Papadem, Corr. Sec.; Liz Burchnall, V.P.; Pete Henricks, President; Melissa Pollard, Treas.; Lorraine Tamasi, Rec. Sec. BOTTOM: Committee Heads — Steve Shapiro, Carole Gindraux, Stuart Brown, Elizabeth Grasso, and Frank Deutsch.

One of the most important improvements that this year's council put into effect was the formation of five new committees that help to run the council. The School Social Affairs Committee, with chairwoman Elizabeth Grasso, was put in charge of activities involving school and Student Council. The Community Affairs Committee, with chairman Stuart Brown, was to be the voice of the student body within the community. Steve Shapiro was the chairman of the Student Affairs Committee, which was to act as a liaison between the school administration, the teachers, and the students. The Judiciary Committee, run by Frank Deutsch, was to be in charge of Student Council elections and the maintenance of the school Constitution. Carole Gindraux and the Calendar Committee kept a record of all dates for the school and community.

And Gets It!

Mu Alpha Theta

TOP: Kevin Lowey, Sue Cramer, Margie Wang, Tony Rooney, Ed Harris, Jeff Schimandle, Mr. Cooke (advisor). BOTTOM: Jack Scratchard, Helen Huang, Uma Narayan, Gail Moritz, Jon Star, Norman Black.

Mu Alpha Theta is the official name of the National Mathematics Honor Society for High School and Junior College students. Our chapter was founded in April, 1972.

Mu Alpha Theta is sponsored by the National Council of Teachers of Mathematics. The National Headquarters are on the campus of the University of Oklahoma at Norman, Oklahoma.

The club is open to juniors who are taking advanced math and express a desire to take calculus in their senior year. Juniors who meet this criteria and who have demonstrated high achievement in their high school mathematics courses are selected.

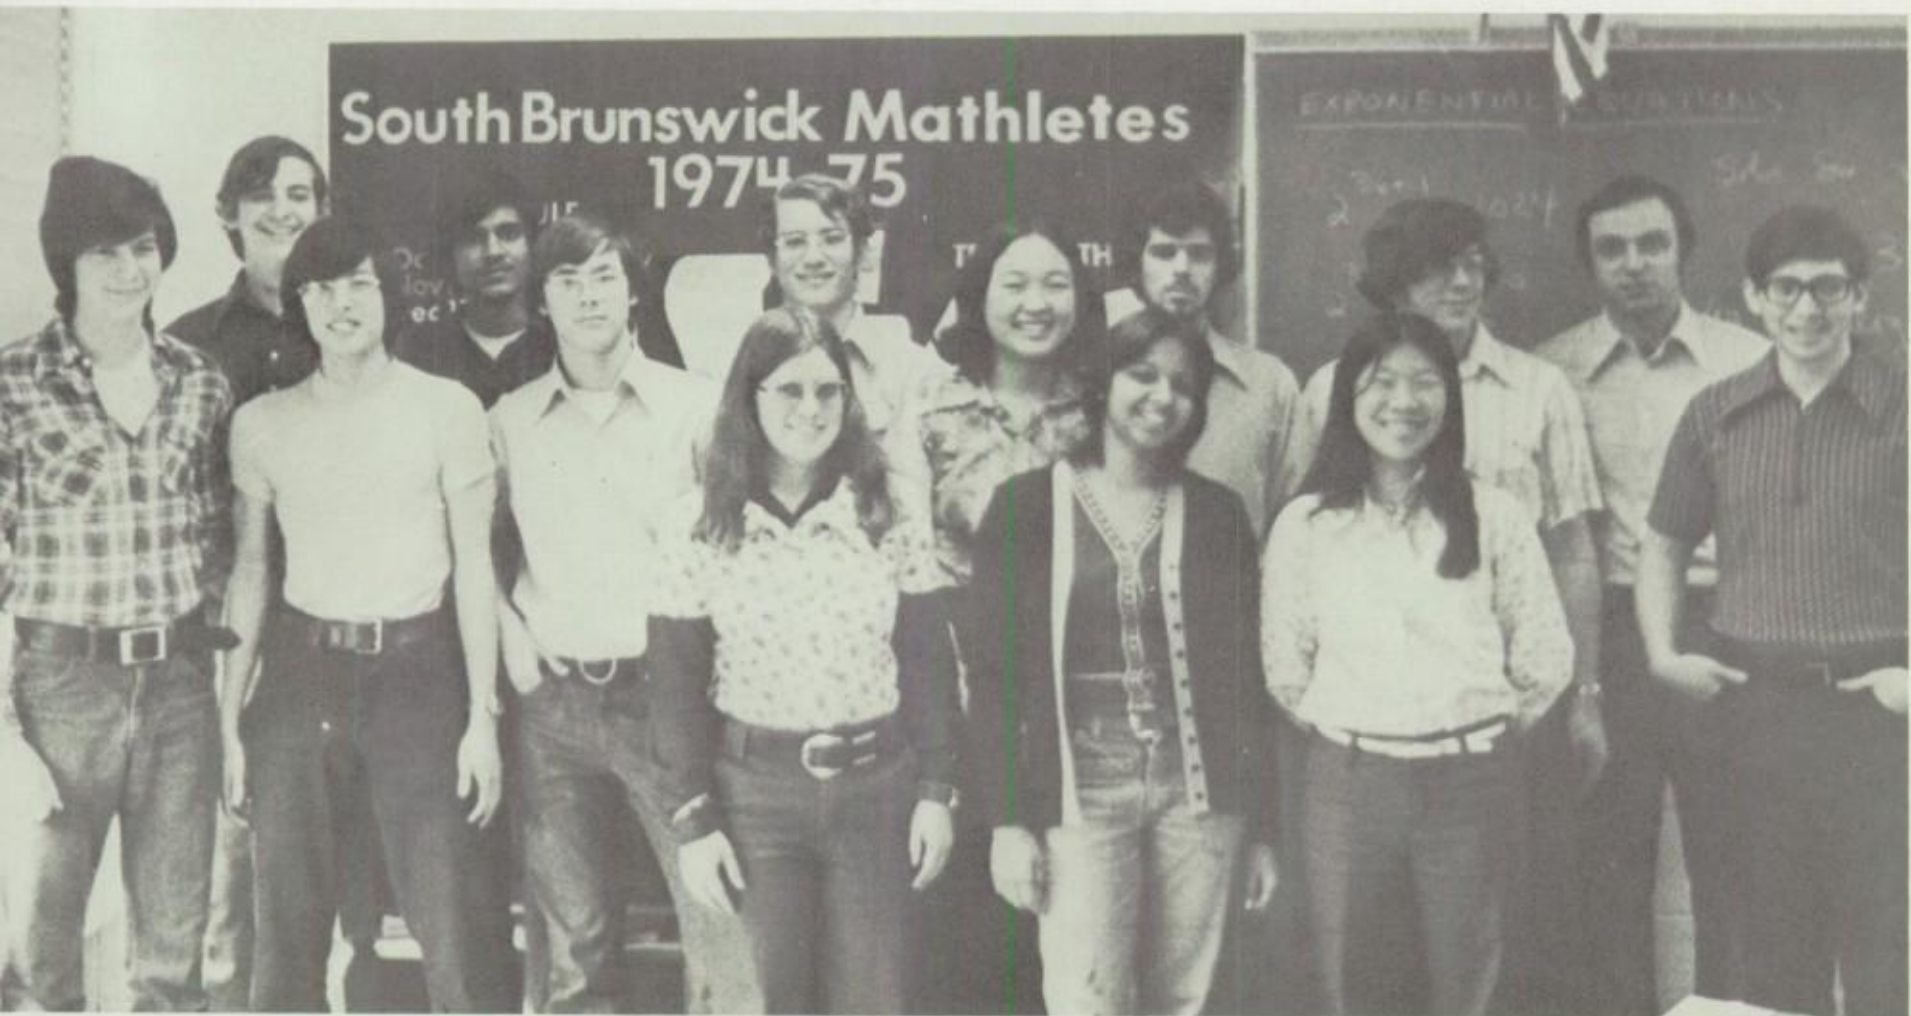

Activities include participating in the Central Jersey Mathematics League, Mathematics Days at Trenton State College and Montclair State College, presentations on various mathematical topics, and distributing career information about mathematics.

Our chapter is one of hundreds across our nation as well as many in foreign countries.

Concert Carolers And Band

Dear Richard,
 It was nice
 knowing you
 these past couple
 weeks. Hope to
 see you next
 year. Good luck.
 Denise

Music Of The Times

In past years there wasn't much to be nervous about since "Mom and Dad" were just about the only ones who came to the performances. But as the 1975 Pops Concert opened an obviously larger and more enthusiastic crowd lifted the spirits of the band, chorus, jazz band and solo performers. Directing the band was Ike Byrd and next year's band director Mr. Wright.

Lisa and Susan Bianchi tap to the music.

The N.H.S. is a service organization. We can say with certainty that this year's members (58 in total) have worked very well together both by attending general meetings and participating in activities.

Such activities include holding bake sales, selling goods at concerts, plays, and night school, and also sponsoring food drives during the holiday seasons.

These activities were so successful that prior to the Induction Ceremony held in March, the old members celebrated by having a Pizza Party at Ricci's which amounted to the social event of the N.H.S. year.

Basically, the monies collected from the activities are used to grant scholarships to non-N.H.S. members.

Société Honoraire De Français

A new club at S.B.H.S. was the French National Honor Society. The club's officers were Uma Narayan — President, Cindy Wolpert — Vice-President, Beth Appleby — Secretary and Barbara Kroeper — Treasurer. The club's purpose is to reinforce what's learned in the classroom through cultural activities related to France. Some of this year's activities included bake sales, trips to New York, Concours Nationale de Français along with an exciting trip to Quebec.

IN 1975 WE:

worked at — Pottery Barn, Shop Rite, Marriotts, A Kitchen, A & P.

drove: VW's, Pintos, Valiants, Corollas, Datsuns, Fiats, LTD's, Station wagons, Vans, Chevys.

wore — jeans, skirts, pants, dresses, sandals, heels, suits?

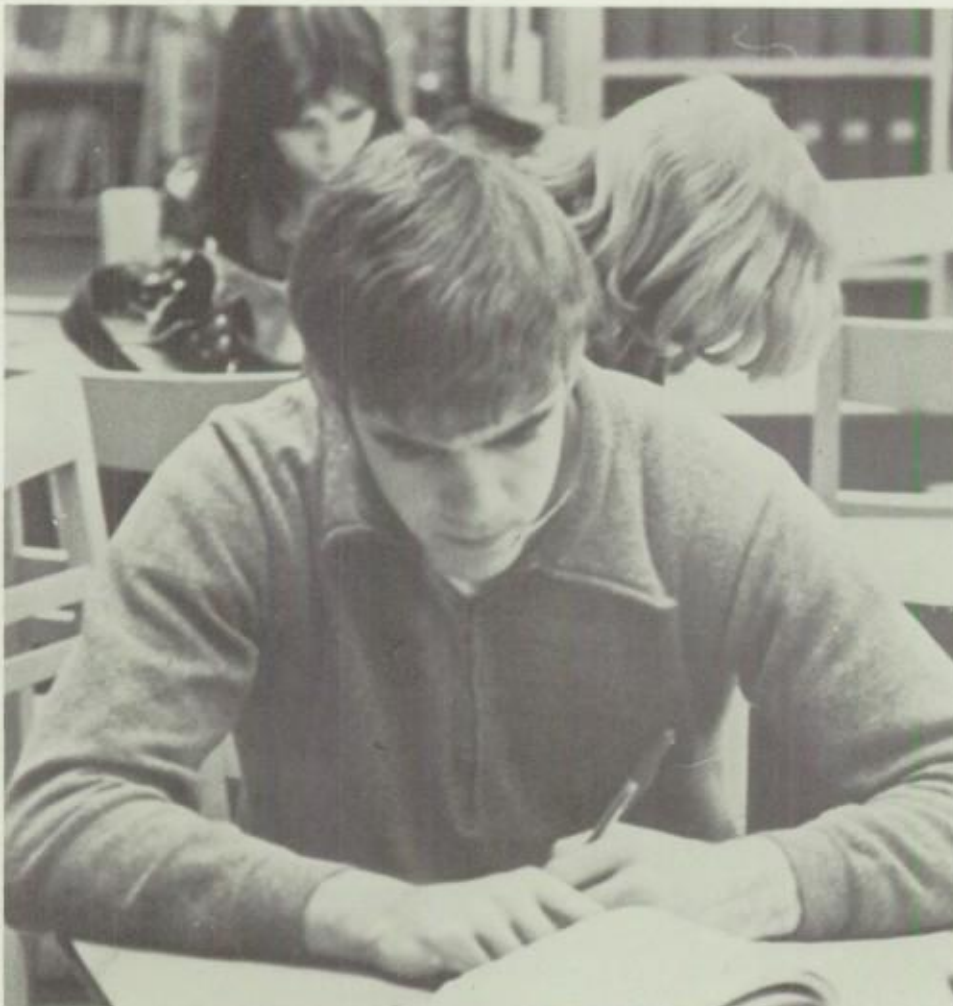

Enjoyed — Streaking, skiing, parties, driving, football games, weekends, concerts.

ate: pizza, tunafish, hamburgers, cake, ice cream, pie, salad, rolls.

played: soccer, basketball, football, softball, hockey.

worried about:
college, gradu-
ation, SAT's;
Bermuda, boy
friends, girl
friends, senior
portraits,
grades.

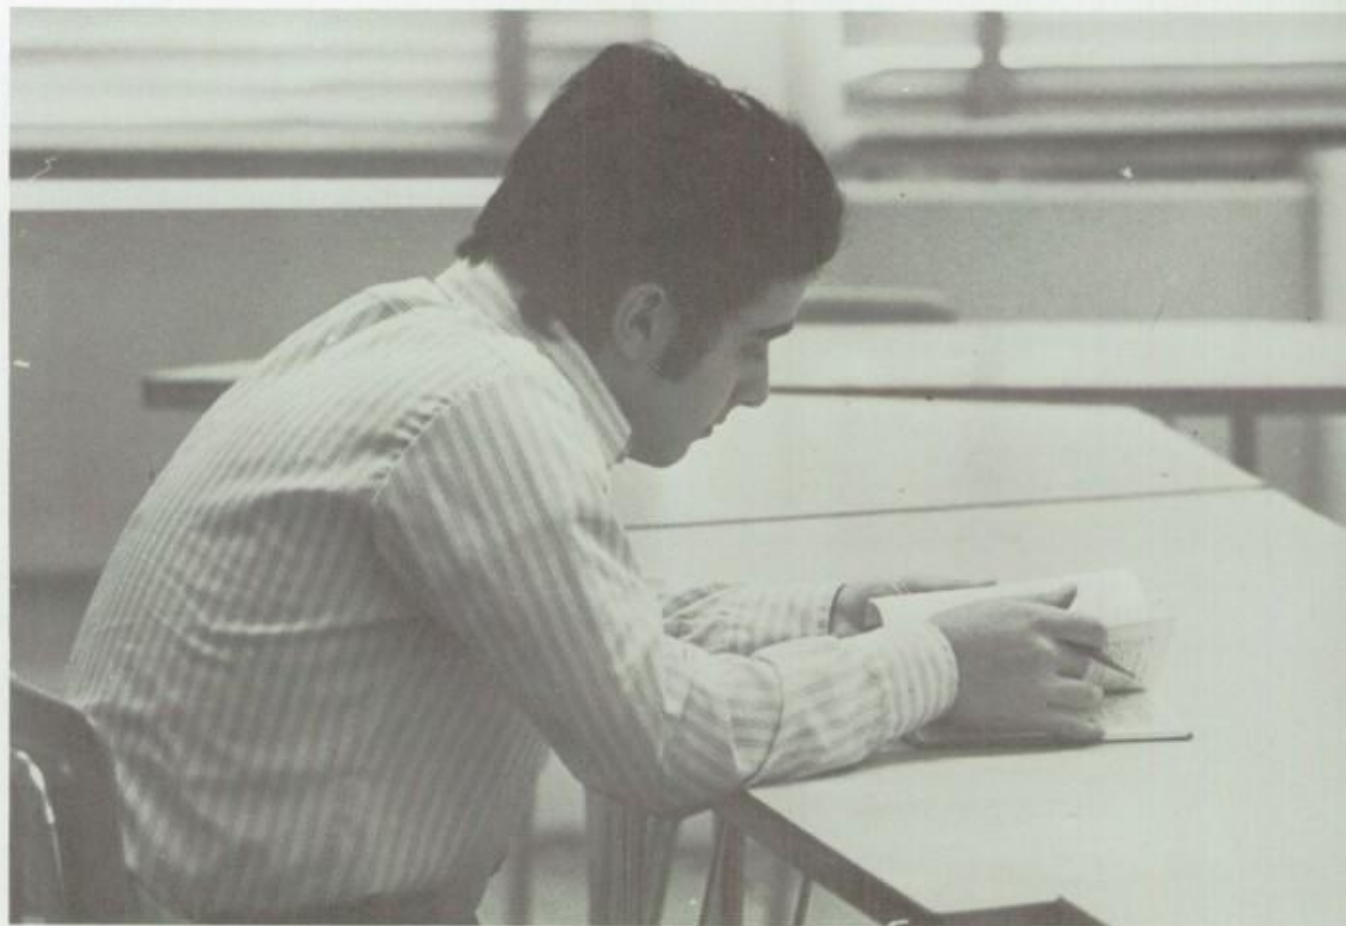

studied: Shakespeare, history, math, English, psychology, biology, physics.

cared about: each other;

WE WERE:

THE SENIORS

To many, we may not have seemed the wealthiest class in aspects of money, cooperation, and organization. Our wealth, though, lies upon the friendships which we have possessed.

We had our share of activities that never got off the ground, but then there were those which gave us pride in the outcome. The Class of 75's prom, "Precious and Few," had a record breaking attendance of 105 couples. Then there was the trip to Bermuda that remained a dream.

Our organization may have looked poor in the money we actually held, but our accomplishments proved that this was not so. We were the first class ever to have First Place floats two years in a row. Furthermore, the home-ec ceiling, which we painted, now glistens with the pride of those that worked together as one functioning unit.

Our years were filled with ups and downs and it seemed as though the "down" weeks were slower than others, but no matter how slowly or quickly; the weeks passed and turned into months which eventually became years. Now the time has come to leave the security we've found in our short friendships, which haven't had the time to grow to their fullest extent. Now the time has to come to leave our school.

"And let your tears of sorrow fall, for it is only that which has given you sorrow, that is giving you joy. Yet grieve not as you part from your friend, for that which you love most in him may be clearer in his absence."

Prophet

To every senior there's a place to spend their spare time and Donna Galvano found it in the library.

Lunch is the best time of the day for Myra Wallace, Linda Ianno, Barbara Kroeper and an unknown friend.

Manny Bischof enjoys playing the piano in his spare time.

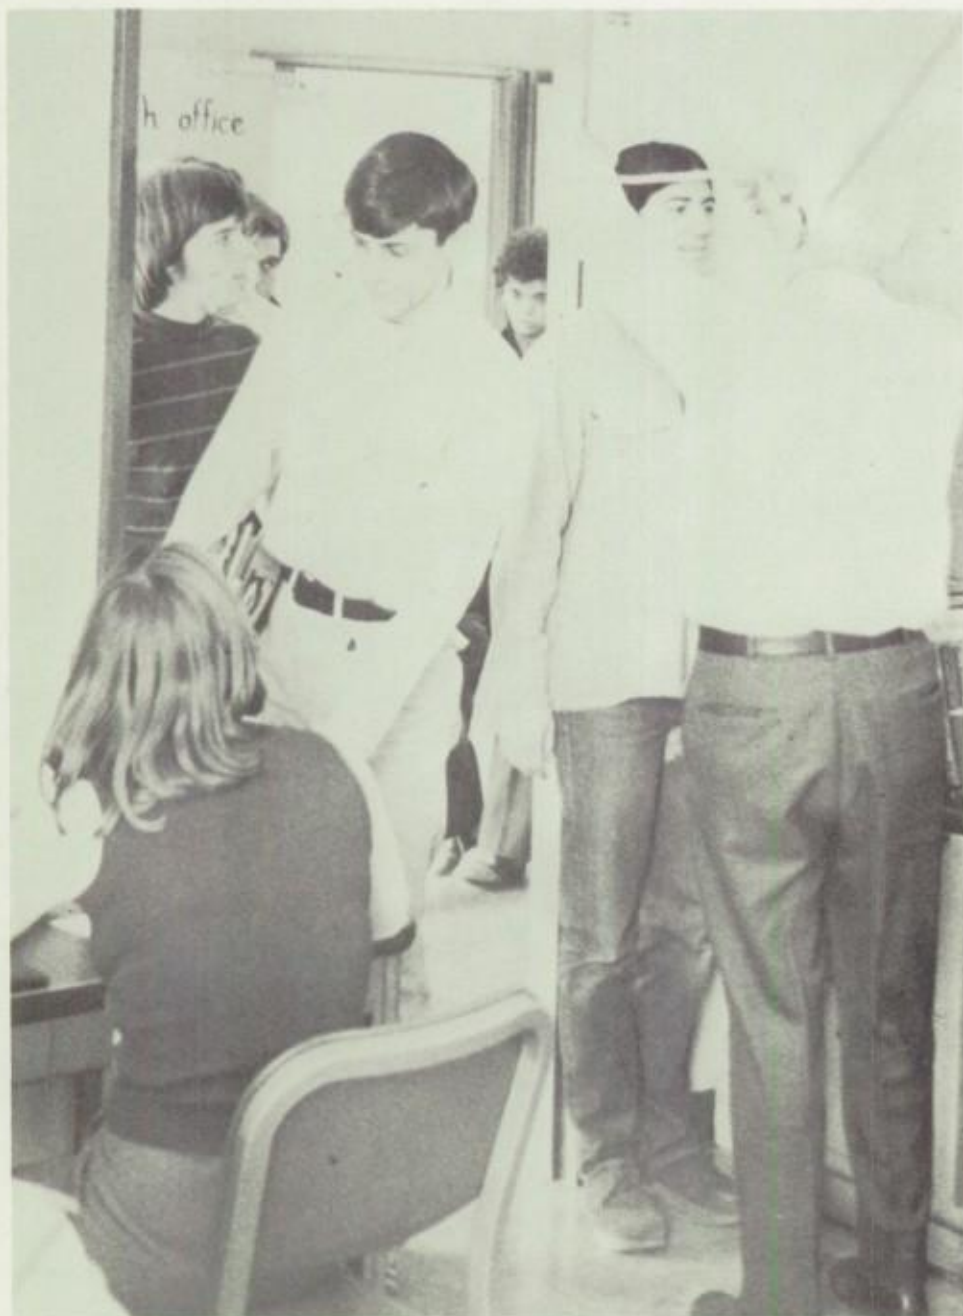

While out of school, Jeff Kuthroff and Dave Prouty spend their spare time working at Shop Rite.

The Streaking Club of SBHS was caught in the act, early one cold morning.

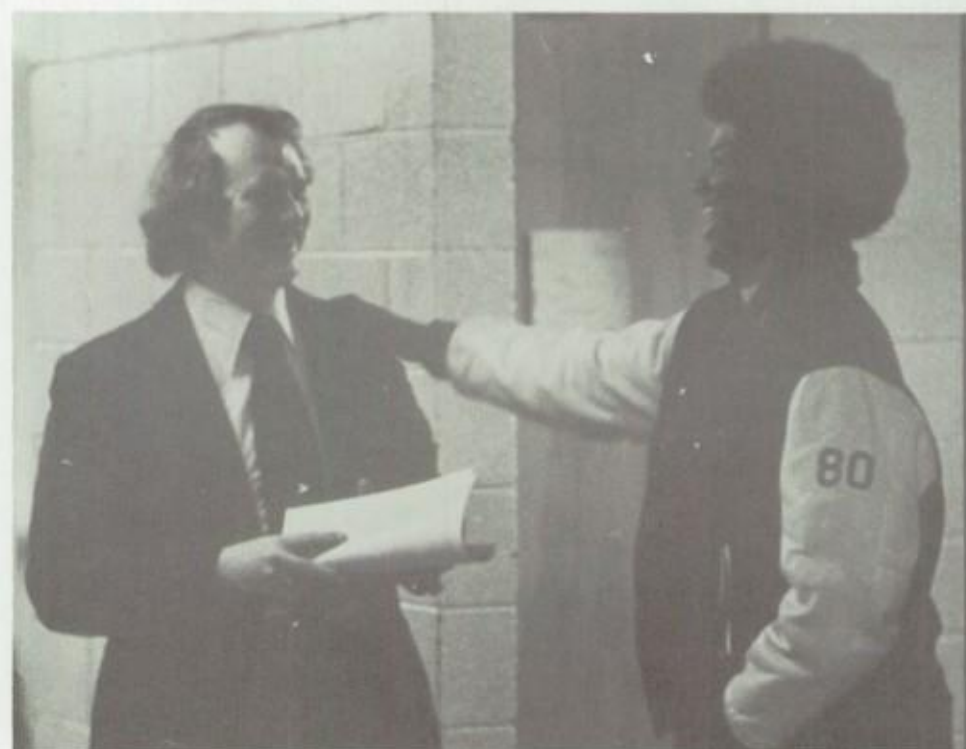

Cap and Gown measurements do not seem to please Jeff Rauch as he rushes Carole Gindraux for his card.

Alex Davidson, watches closely as Art Chanley is measured for his cap.

**Don't walk in front of me
— I may not follow
Don't walk behind me — I
may not lead**

**Just work beside me and be
my friend**

We have mixed feelings about having been advisors for the Class of '75. The Class was unfortunately apathetic about many of the activities we attempted, although a small group of students worked hard to assist our efforts. As such, it's been both an enlightening and a frustrating experience trying to advise this class. The quality of those who have worked to help the Class will we hope, be recalled more easily than will the lack of involvement by their classmates.

We wish the best for those members of the Class of '75 leaving the high school this year. It is not an altogether promising world that you will encounter, but we hope and trust that your years at South Brunswick will serve you well in the future.

John Kelly & Tim Wright

Look What They've Done To Our School!

1975 marked the beginning of great changes at SBHS. "If you want to educate 1300 students, you need the proper facilities," says Mr. Kaye, principal. The 15 year old high school, originally built to fit 900 students, is again expanding. There are no definite plans made, but construction is now underway. The most urgent needs are being met first, using the money allotted in the bond issue. Mr. Longo is helping to plan things out using his knowledge of construction as a guideline.

Many sections of the school are being modified to include new and better facilities. One area of concentration is the library. The old library is being subdivided into a conference room, an Audio Visual and periodicals room, a darkroom, and a professional library for teachers. The courtyard is becoming the future site of the student library.

Plans are also in the works for a new cafeteria. For the time being, students will have to make do with cold sandwiches and snacks until cooking and storage operations can be arranged. The former kitchen and teachers lounge are being added to the Physical Education department for use as storage space for equipment. Locker rooms are being reworked: more lockers are being added and a new ventilation system is being installed. A new team room will be added for visiting teams and the gymnasium itself will be bettered by a new floor.

The growing main office will take over the space being now occupied by the Guidance Office. It is still unknown exactly where the new Guidance Office will be located. Expectations are that it will be near the health office, but funds to support the move have yet to be acquired.

Art students will be pleased by the new artroom which is presently included in the construction plans. It will incorporate both two and three-dimensional facilities.

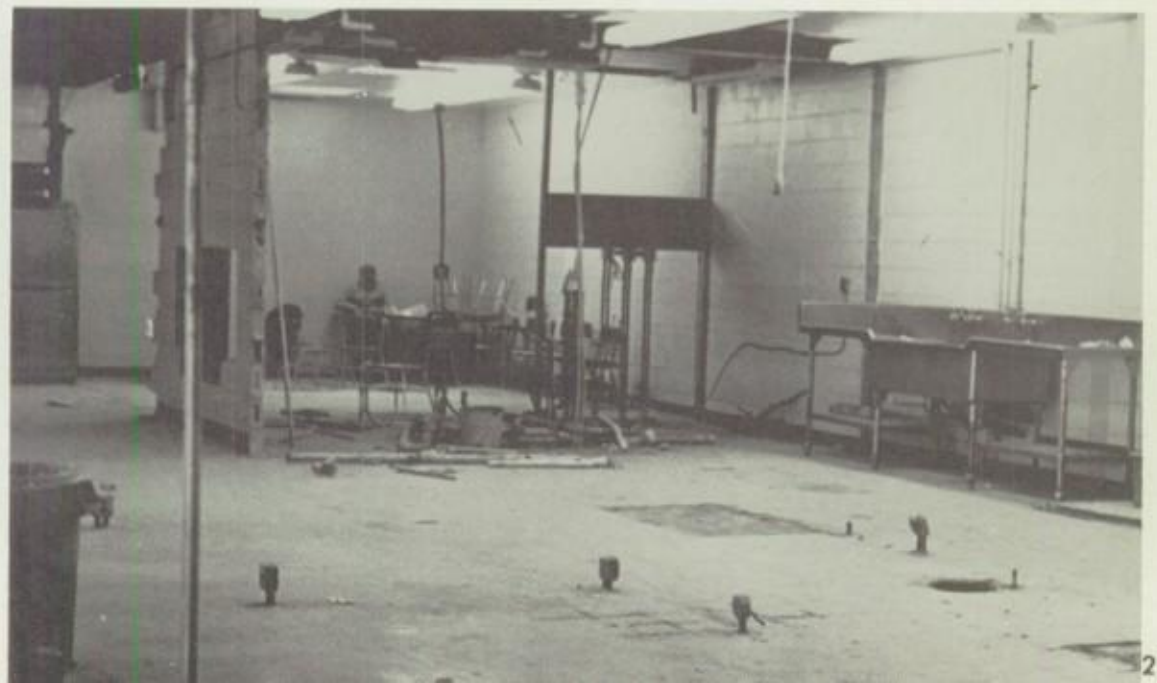

Students in SB will no longer have to brave the elements in cold classrooms or wet corridors. The roof will be made totally leakproof, either by repatching the existing structure or by the addition of an entirely new layer. The heating system will be repaired so future students will not know the inconvenience of carrying their coats to class.

As soon as the artroom and the cafeteria have been vacated, usable space will become available. Use of this free space is yet undetermined. Interest and need will be the main determining factors, but funds are not presently available for the additional equipment needed to make full use of these spaces.

SB won't be perfect, but things are looking up. As Mr. Kaye says, "It's a beginning but we need so much more."

FAR LEFT: What did they do to our mural? TOP MIDDLE: The courtyard is becoming the new library. BOTTOM MIDDLE: Where's the middle corridor! BELOW TOP: Watch your step! MIDDLE: Construction take over smokers lounge. BOTTOM: Kitchen and teachers lounge replaced with Physical Education storage.

MYRA WALLACE

seen with Leslie and and Lori . . . newcomer to SBHS
. . . quiet . . . big eyes and friendly smile . . . artis-
tically talented . . . love her accent . . .

GIRLS COURT — LEFT TO RIGHT: Beth Appleby, Louanne Gengler, Irene Horodecky, Karen Kahn, and Joan Papadem.

Assistant, Tony Long, stole the show from Breton.

Last year's Prom Queen Judy Tomasso crowning the new Queen, Irene Horodecky.

"In My Life"

On May 9, 1975 the Junior Class presented the annual Prom "In My Life" to the Senior Class. It was held at the Redwood Inn where a record of 117 couples attended. Entertainment was provided by the "Venturers" and BRENTON the Magician. The highlight of the evening occurred at Midnight when Irene Horodecky and Dave Hunkele were crowned this year's King and Queen.

BOYS' COURT — LEFT TO RIGHT: Tom Bianno, Dan Galvano, Dave Hunkele, Doug Lavenburg, and Jim Long.

LETTER WINNERS OF 1975

Seniors

Dan Buckingham

TENNIS ANYONE?

Mr. South Brunswick

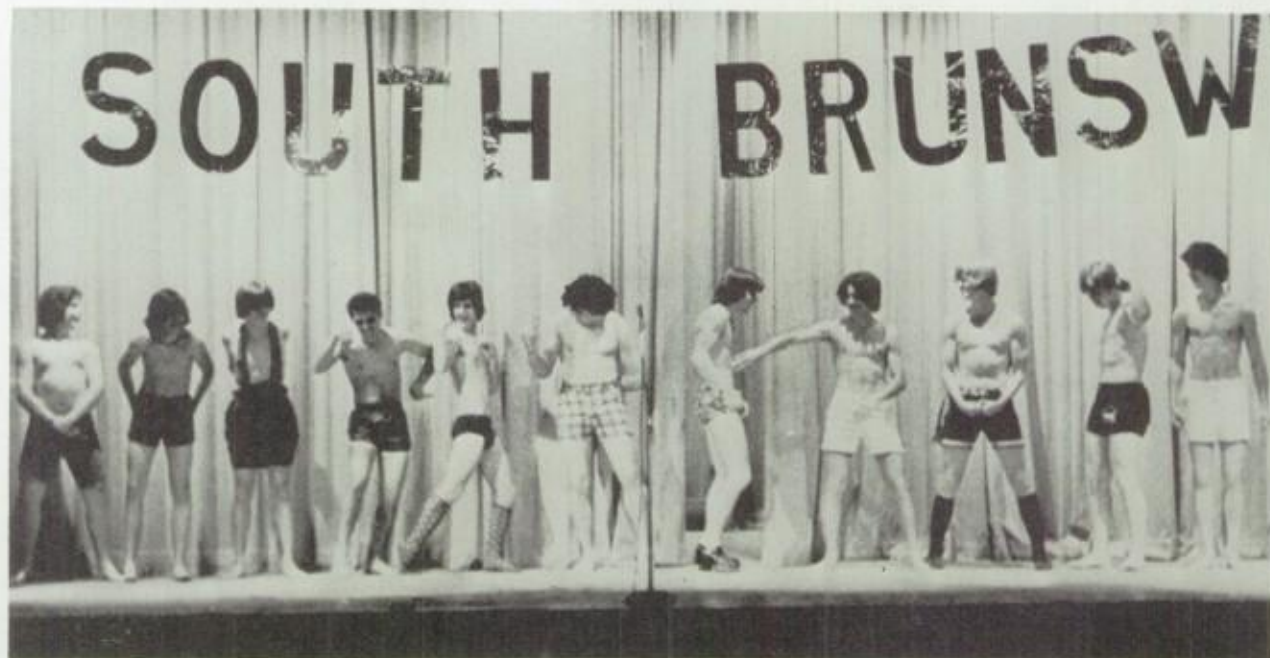

A presentation of the senior class of 75. Hosted by Sue Small and Pete Hendricks. The first of its kind and hopefully not the last. Each contestant was judged on looks, talent and a final question. It proved to be a quite interesting and different evening.

LEFT: The Seniorettes do their thing to entertain.

BELOW: L TO R: Joe O'Brien, Howard Brown, Tom McFerrin, Stuart Brown, Glen Petrone (2nd), Eliot Runyon (1st), Norman Black (Winner), Pete Burke, Bill McCallum (3rd), Steve McClure, Hayes Irolla, Robin Deutsch (not pictured).

HARMEE

A musical with an assortment of dance, literature, and history. It was made possible by the ever increasing efforts of Dolly Simmions, her cast and many others.

RIGHT: L TO R: Sylvia Simmions, Sue Spruill, Julis Spruill, Judy Spruill, Abbie Farrow, Pat Carroll, Vanessa Richardson, Diane Wallace and Maritza Rios.

How To Succeed . . .

How to Succeed in Business Without Really Trying, was the successful spring musical put on at the high school this year. The show was directed by Mr. Churchill Clark with Mr. Chauncey Chatten handling the music. The musical comedy starred Erol Tammerman as J. Pierrpont Finch and Karen Kahn as Rosemary Pilkington. However the show would never have been a success without the time consuming efforts of the many other students who participated in it.

Students Show Talent In Band, Chorus, FIAHE

Band President Marianne DiMartino leads the band in a song.

Ellen Kaplan as "Second Hand Rose."

Industrial Arts students display their work.

Art student Irene Horodecky at work.

On May 16th "Spring '75" came off a great success. Under the direction of John Wright the Concert and Marching Bands played a fine medley of songs. The Stage Band conducted by Isaac Byrd also performed fine music. There was also solo performances throughout the concert.

On May 22nd the chorus under the direction of Susan Parisi presented "A Music Festival." A variety of numbers were performed. In the above picture one of the soloists of the night Peter Lachance, showed his talent on the piano.

The annual FIAHE took place on May 21st and 22nd in high school gym. FIAHE stands for Fine and Industrial Arts and Home Economics. Students who take classes in these departments displayed their work for everyone to see.

Nancy Schiff displays her painting.

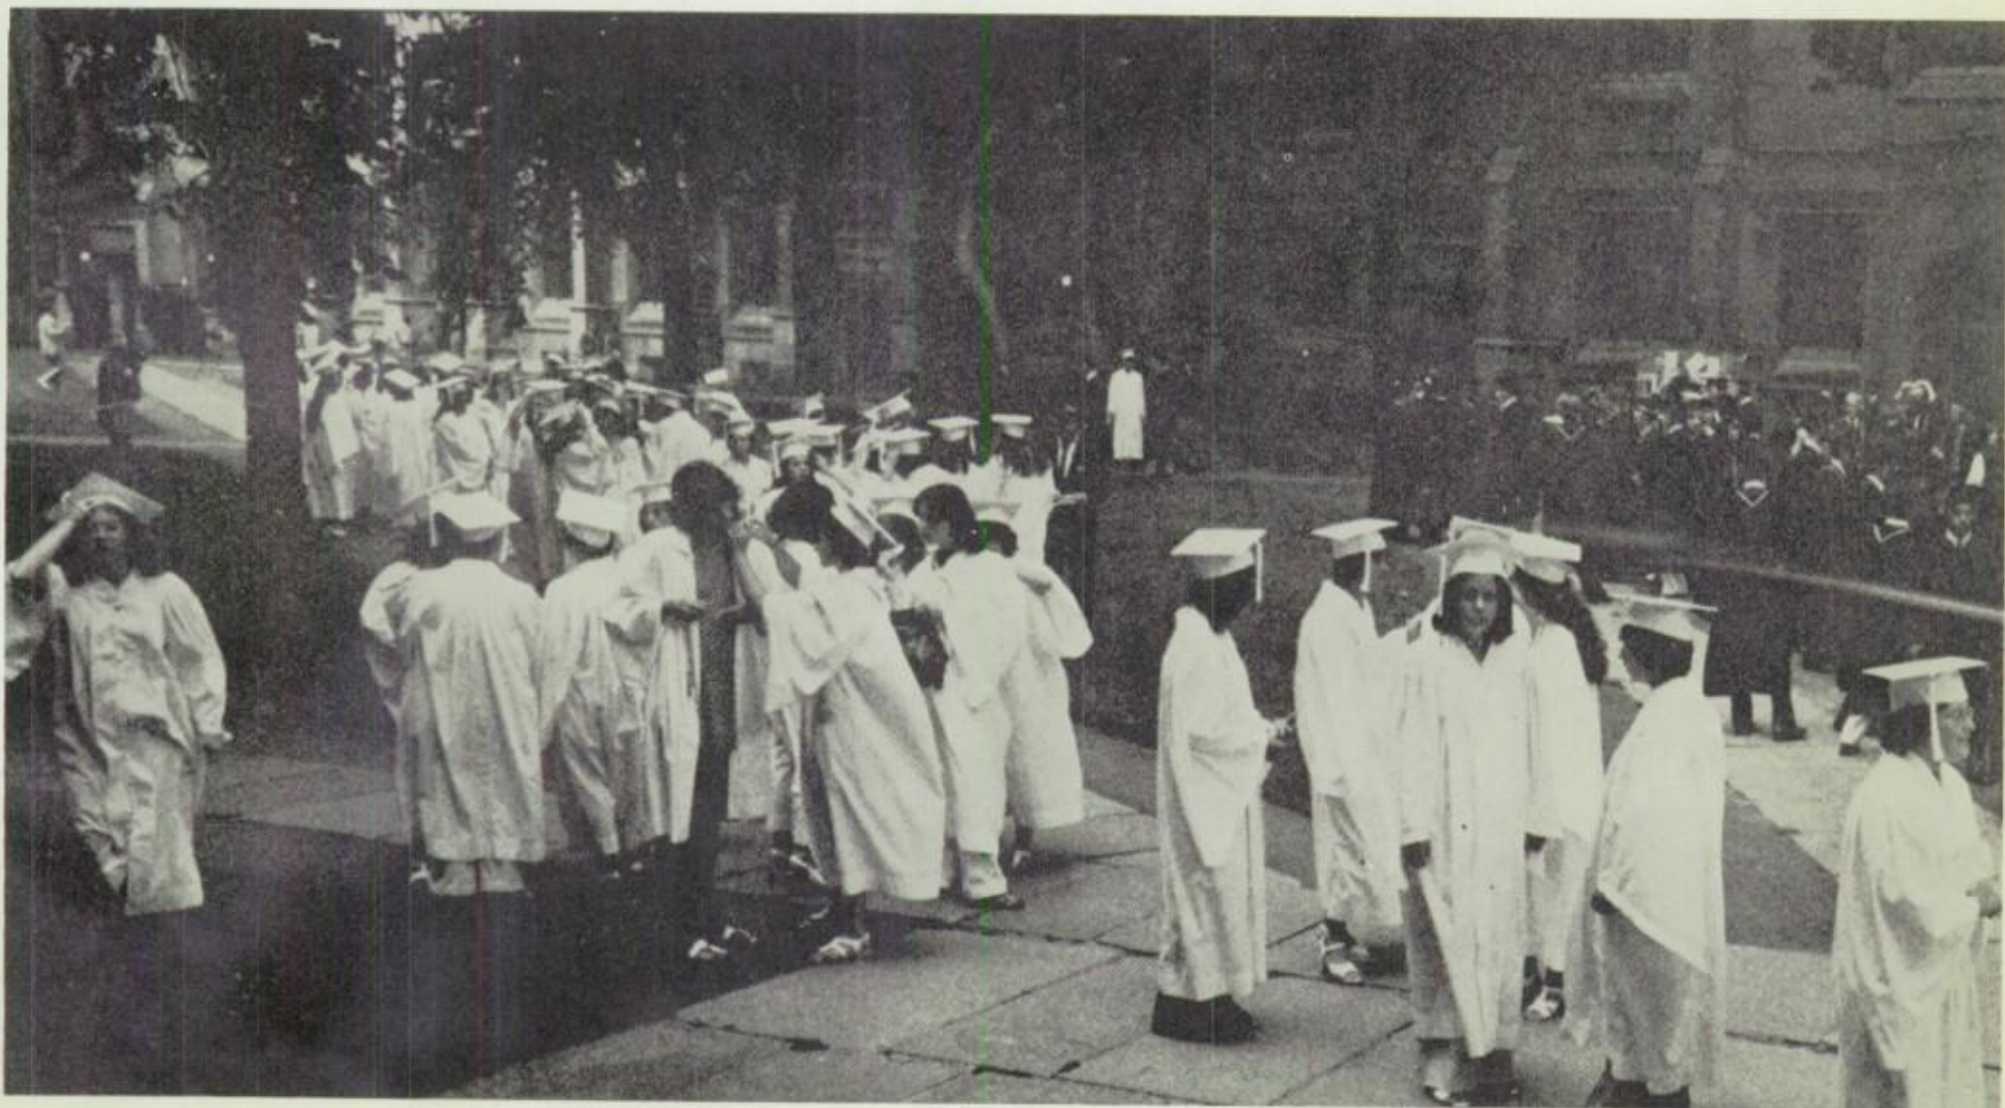

Seniors Break Tradition — Graduate at Princeton Chapel

A unique year of man's life happens after he has completed four years of high school. Upon finishing his last year at SBHS, the senior leaves his sheltered life and enters into a competitive and challenging society. One can see youths become adults, attitudes turn into ideals, and followers become leaders. All of this happened again for the fifteenth time in the history of SBHS as the class of '75 graduated. However, this year it was different because the graduation was held at Princeton Chapel. This marked the first time that the commencement of our students was not held at SBHS.

There was much controversy about the decision of the whereabouts of the commencement. Also about the five valedictorians and the other four honor students that spoke instead of the traditional single valedictorian and salutatorian speeches. Each student spoke on growing up, challenges, and whatever else would soon confront them. The five valedictorians were Sonia Martinez, Becky Parker, Judy Tomasso, Margie Wang, and Cindy Wolpert; and the four honor students were Sue Cramer, Gail Moritz, Thomas Butler, and Uma Narayan. Despite all of these problems, the class of '75 graduated on June 17, 1975 at the chapel.

Senior Banquet

On June 12th, the Flagpost Inn held a thrill of excitement donated by the Seniors of 75. A fellow senior and his band provided free entertainment for all while they enjoyed an appetizing meal. At 12:00 a night of joy ended and the early Friday morning began with graduation practice; their last steps of high school.
